

July Flyer

Product Spotlight - Calming

With the lifting of pandemic restrictions, 4th of July parties may be coming back. However, it's not a favorite time of year for our furry friends. Fireworks can be terrifying to both cats and dogs.

The most typical symptoms of stress are excessive barking, mewing, whining, panting, hiding, lethargy, or even destructive behavior.

Mental stress can be even more exhausting than physical exercise. We offer many natural anxiety solutions to help alleviate symptoms and the associated undesirable behaviors, all without heavy sedation.

Staff favorites include a variety of CBD products, which have great relaxing properties. Other natural options include:

- Bach Pet Rescue Remedy
- Happy Traveler from Ark Naturals
- HomeoPet Anxiety
- Earth Animal Calmness
- Animal Essentials Tranquility Blend

Whatever your pets stress level may be, a natural solution can likely be found. Speak to any of our product specialists during your next in-store visit.

Supply Chain Disruptions

As the world ramps up from a year of low production and activity, many industries are experiencing intermittent shortages and the pet food industry is no different. We are currently experiencing supply chain disruptions beyond our control. Feel free to ask if we are out of your favorite product or if a close replacement is available. Please understand that all ETAs are "estimates" from a distribution channel struggling with disruptions.

We appreciate your patience and understanding as we navigate through these challenges. We will continue to work diligently to supply the most nutritious options for your furry friends.
