

## Silverdale Location Temporary Closure - Giant Moving Sale!

We have been secretly planning to open a new facility that simply cannot be called a "pet store", and we are dubbing it the state's first true Pet Enrichment Center. Phase 1 of our new 20,000 square foot facility will expand upon our current retail, grooming, and training services to add a satellite holistic vet clinic and a human / pet café! Our specialty retail store will increase in size to offer the largest and most diverse selections of biologically appropriate food and treats in the Pacific NW. A new state-of-the-art grooming salon will have a capacity for six groomers and our training center will be able to run two classes simultaneously. Our bakery (Paws Gourmet) will be moved on-site, and we look forward to the smell of freshly baked treats wafting through the air. The targeted grand opening date for our new Pet Enrichment Center is March 2022. Our new address will be 2779 Myhre Road (right next to Chuck E. Cheese).

Our new satellite vet clinic will focus on preventative and routine services, in addition to providing more holistic solutions to our furry friends health challenges. Our human / pet café will offer light fare, healthy food options with individual menus for both you and your pet. Fully enclosed seating areas will allow you to enjoy a "leash free" meal with your furry companion. Soon, your pet will be able to repay all your kindness by taking you out to lunch.

Phase 2 of our plans will create a unique mix of pet daycare services with a private indoor play park. All clients will be fully vetted by our training or behavioral services staff so that you can rest assured that all humans and pets will be fully socialized. The park will connect with our café so that you can enjoy the beverage of choice while watching the fun and frolic.

Unfortunately, due to circumstances beyond our control, our move-out timeline has been drastically accelerated and we must vacate our current Silverdale location by August 31st. We are working hard to get a temporary store up and running at our new address as quickly as possible, but regrettably cannot provide a target opening date at this time. Rest assured that we will re-open for business as soon as construction is complete, and we receive our final permit.

Please stay tuned to our website and social media feeds for the latest information. Our online store (shop.naturally4paws.com) will continue to operate and all Curbside Pickup and Home Deliveries will be handled at our Poulsbo location.

We cannot wait to welcome you to our new Silverdale home. It will help fulfill all the nutrition, grooming, education, relaxation, socialization, and health care needs of your furry companions!

Sale valid at Silverdale location only. Sale not valid online or in Poulsbo. No Pre-orders, Holds, or Rainchecks. Sale limited to inventory on hand.

Poulsbo Hours

Our Poulsbo location is available to assist with all your shopping needs during the temporary closure of our Silverdale location. However, due to current staffing shortages and the challenge of finding new team members, we regrettably announce that our Poulsbo store will be closed on Sundays August 8th, 15th, and 22nd.

When we temporarily close the doors of our Silverdale location on August 24th, Poulsbo hours will expand to 10am – 8pm every Monday through Saturday and Sunday from 12pm – 6pm (starting 8/29).

## Locally Made Cat Trees

Last year, everything came to a quick halt for most retail businesses due to the unknowns of the pandemic. Many of us suddenly had time on our hands due to the cautionary closures. One local entrepreneur used the time to expand his creations. Having a knack for custom shelving needs, he broadened his creativity to making cat furniture.

This month, we welcome R.C. Cat Furniture. These posts are made locally using upcycled cottonwood for the needs of our feline companions. These creative perches and scratching areas encourage cat exercise. Cats can sink their claws into soft wood and awaken their instincts. Cats often use scratching posts to express excitement and get a good stretch. Cat furniture that sits near a window and is large enough for the cat to perch, provides entertainment, especially for indoor cats.

We love supporting local companies that help enrich the lives of our fur ones. Stop by at our Poulsbo location for a peek and feel free to ask questions.

## Training Center

The final group classes in our Silverdale Way location will be held August 18th . Private lessons and evaluations will be available through Monday, August 23rd. Classes will resume as soon as a temporary location is identified and secured.
