

The purpose of the Barker University is to provide a safe, fun and stimulating social environment for dogs during weekday business hours. To ensure the safety and well being of your pet and other guests, we require all guests to comply with the following rules and regulations:

Age: Dogs at least 7 months old and that are spay/neutered are eligible for daycare.

Sex: All dogs 7 months and older must be spayed/neutered to engage in Barker University group play.

Shots: All dogs must be up-to-date on vaccinations. Owners must submit written proof of DHLPP and Bordetella vaccinations. Rabies is required for puppies over 4 months of age.

Health: All dogs must be in good health. Owners will certify their dog(s) are in good health and have not been ill with a communicable condition within the last 14 days. Upon admission, all dogs must be free from any condition which could potentially jeopardize other guests. Dogs that have been ill with a communicable condition within the last 14 days will require veterinarian certification of health to be admitted or readmitted.

All pets need to have not have had loose stool, vomiting, injury or any type of respiratory illness symptoms for a minimum of 48 hours before participating in daycare. If your pet begins to exhibit these symptoms while in our facility, they will be pulled from play and you will be contacted to pick them up at the earliest possible time.

Any blind or deaf dogs can still engage in group play if their evaluation gets approved by our staff. If group play is not possible we can always discuss alternative solo play options with one of our daycare staff members.

Note: Dogs that have difficulty climbing up stairs may not be able to access the rooftop play yard. If the dog is under 30 pounds and are comfortable with a staff member carrying them then that may be an option. We will always think about the dogs safety and what is most comfortable for them. If climbing the stairs to the rooftop play yard is deemed unsafe or uncomfortable for you dog by a staff member we can provide alternative outside enrichment activities with no additional cost.

Behavior: All dogs must be non-aggressive and not food or toy protective to participate in group play. Owners will certify that their dog(s) have never harmed or shown any aggressive or threatening behavior towards any person or other dog(s). Please remember: your pet will be spending time with other pets and the safety and health of all animals is our main concern.

Application: All dogs must have an up-to-date, complete and approved application on file. Application and Evaluation Fee of \$40 is required. Our evaluations include a day of daycare. We will have a staff member evaluate them in different play groups and environments to determine if your pet will thrive at Barker University. You will need to reserve an evaluation spot in advance. Evaluations will be on Tuesday and Thursday's of every week. The \$40 application and evaluation fee is non-refundable.

Reservations: Required. Cancellations with less than 24 hours notice will be charged full fees.
