

# Our Purpose and Vision

We like to start off each New Year by reminding everyone why we are here!

Our Business Purpose: We exist to better the lives of our local pet community and strengthen the human – animal bond.

Our Vision: To educate the community and promote biologically appropriate nutrition. To improve quality of life through training, grooming, massage therapy, and holistic healing methods.

We actively invite feedback or suggestions on how we can continue to improve. We exist for one reason: healthy & happy pets!

## Private Label Products

is our very

own private label company that makes a wide variety of baked treats, right here in Silverdale! Our mission is to be the healthiest pet bakery in the entire U.S.

In addition to the whimsical, decorated treats you find in our bakery case, we have five Healthy Grain recipes and four Grain Free recipes available in bulk or ecofriendly packages. We also dehydrate four varieties of premium hand-made ierky, all raised on Pacific Northwest farms.

# Training Center

The next round of Pup Pawsitive classes begins in early January.

The next round of Guiding Hands classes will begin the week of February 5th.

Registration for all January classes is now open and registration for February classes will begin on January 9th.

Please refer to our store calendar or visit the Services area of our website for specific class dates and times, along with detailed information regarding all of our Training Center services.

# Disaster Preparedness

A new calendar year means it's time to create or update your disaster preparedness plan and be certain to include details for your furry friends. Remember that what is best for you is usually best for them as well. Be sure not to wait until the last minute, as then you are very likely to forget some important aspect of your pet's safety or security.

The key to being prepared is the creation of a comprehensive checklist before the disaster hits. The Internet can be a reliable source of information on how to create and customize a kit for your specific needs. We sell basic first aid kits, but a comprehensive disaster kit involves some customization in order to meet your unique requirements. We recommend the following websites as a good place to start:

http://www.aspca.org/petcare/disaster-preparedness

### **Department of Homeland Security**

https://www.ready.gov/pets

FEMA has partnered with the American Kennel Club, the ASPCA, the American Veterinary Medical Association, and The Humane Society of the United States to create a very informative and compact brochure on how to prepare for emergencies with your pet(s). To download this resource as a PDF file, simply visit the DHS website listed above, scroll to the bottom of the page, and click the "Prepare Your Pets for Disasters Brochure" link. There are also a number of additional resource links provided.

#### Create your "Getaway Plan".

If you must evacuate, take your animal friends with you. Plan to assemble your companions and anticipate where to go. Plan highlights should include a Pet Emergency Kit, a picture of you and your pet(s) to prove ownership, and a list of pet friendly hotels. Don't forget to verify your vet's contact information is up to date.

# Moved to Special Order

Naturally 4 Paws continually evaluates the movement and popularity of all products that we offer, especially food diets. As part of this recurring process, we have decided to discontinue Stella & Chewv's raw frozen diets, along with Open Farm Freeze Dried diets, effective immediately.

Please note that while these products will no longer be stocked on our shelves, they will always be available for special order or Auto Order. Special orders are also available for a wide variety of products that we do not stock on a daily basis. Please speak with any of our friendly team members about placing a special order.

Be sure to check next month's Flyer when we introduce and highlight the new raw and freeze dried brands taking their place!
