## Solution Spotlight

Bowel health is one of the most common reasons pet owners take their furry friend to the vet. With this in mind, we wanted to take a moment to talk about the benefits of Probiotics and Prebiotics.

Probiotics are living microorganisms that replenish the microflora in the gut and help the GI tract do its job as the body's largest immune barrier. A few of the many benefits to probiotics include:

- Help controlling yeast and skin issues
- Treat diarrhea and constipation
- Reduce stool odor and bad breath
- Reduce excess gas
- Maximize nutrient absorption
- Boost the immune system
- ...and so much more.

Not all probiotic products are created equal. Research shows that the more strains available in the bottle, the more effective the product will be. Potency is also important, the more microorganisms per dose, the higher the efficacy.

Prebiotics are non-digestible food ingredients that selectively stimulate the growth and activity of beneficial bacteria in the gut, basically food for the probiotics.

Need help selecting the best solution for your pet? It can be confusing, so stop by either store location. Our Store Associates are happy to answer questions about the different gastrointestinal booster options available at Naturally 4 Paws.

## Training Center

The next round of Pup Pawsitive classes will start the week of March 3rd.

New Guiding Hands classes will begin the week of March 16<sup>th</sup>.

Registration for all classes is now open.

For complete details on schedules, pricing, class descriptions, and trainer biographies, please refer to our Dog Training page at [naturally4paws.com](http://naturally4paws.com) under Services.

## Welcome Spring!

The Spring Equinox brings little signs of new life from our plant allies. Spring is often a time when eating patterns shift, making this a perfect time to introduce new variety to your pet's diet.

Green Juju Blends are a great nutrition booster; they are made from a variety of fresh greens and berries that most dogs just love. Best of all, Green Juju is a local Seattle company! You can find their blends in the freezer sections at both locations. You could also use this opportunity to introduce a raw turkey neck or other raw bone for your companion to chew on while they supervise your Spring cleaning or gardening activities.

## Spring Cleaning Sale

For the chic pet, spring is when they shed their winter coats and sweaters in favor of lighter and brighter fabrics. Pet apparel designers are just like their human counterparts... styles change every year.

Spring is also about cleaning and making things fresh, so don't miss your chance to stock up on your favorite cleaning and grooming supplies.

March 14<sup>th</sup> and 15<sup>th</sup>

**All Coats & Sweaters**

## 2026 Customer Survey

Can you believe that Naturally 4 Paws will turn 20 this June? Your support over the years has helped shape who we are today.

We are moving forward with the transition of our Silverdale location into a fully realized Pet Enrichment Center - a destination designed to support pets and their people in every stage of life. Our vision is to thoughtfully integrate nutrition, exercise, training, grooming, daycare, education, socialization, enrichment programs, and a unique dining experience - all under one roof.

Before finalizing our plans, we want to ensure we are prioritizing the services that matter most to you and your furry friends. Your input will directly influence how this next chapter progresses.

This survey closes on April 6<sup>th</sup> and includes questions about pet services, retail spending, general demographics, and future needs. As a thank you for your time and participation, you can receive:

- **A \$5 digital coupon.**
- **Raffle entry** - five random participants will receive a \$50 Naturally 4 Paws Gift Card.
- **Become a Founding Member** - first access to special services, programs, and discounted launch pricing designed with your input.
