INDEPENDENT AUDITOR'S REPORT

To the Management of
Sourcepoint, Inc.
Amherst, New York

Opinion

We have audited the accompanying financial statements of Sourcepoint Fulfillment Services, Inc., which comprise the balance sheet as of March 31, 2024, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, the financial position of Sourcepoint Fulfillment Services, Inc. as of March 31, 2024 or the results of their operations or their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sourcepoint Fulfillment Services, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sourcepoint Fulfillment Services, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sourcepoint Fulfillment Services, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sourcepoint Fulfillment Services, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

SOURCEPOINT FULFILLMENT SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 2024

Note 1 - Organization and Summary of Significant Accounting Policies

Organization - Sourcepoint Fulfillment Services, Inc (the Company) is a 100% subsidiary of Sourcepoint, Inc. Firstsource Group USA Inc. acquired 100% interest in the Sourcepoint, Inc. and the Company in April 2016. Firstsource Group USA Inc. is a wholly owned subsidiary of Firstsource Solutions Limited, a listed company in India. The Company is engaged in providing a wide range of business process outsourcing services to the mortgage lending industry. The Company's customer base consists primarily of mortgage banks and financial institutions situated primarily in the United States of America.

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (USA GAAP).

Basis of Presentation – The accompanying financial statements represent the assets, liabilities, revenue and expenses of the subsidiary Sourcepoint Fulfillment Services, Inc.

Use of Estimates - The preparation of financial statements in conformity with USA GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Equivalents - For purposes of the balance sheet and statement of cash flows, the Company considers all highly-liquid debt instruments purchased with an initial maturity of three months or less to be cash equivalents.

Trade Accounts Receivable - Trade accounts receivable is stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debts expense and an adjustment to a valuation allowance based on the estimated amount of future losses they expect to incur on contracts with customers. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable.

Equipment and Leasehold Improvements - Equipment is stated at cost, net of accumulated depreciation. Equipment under capital leases is stated at the present value of minimum lease payments. Leasehold improvements are depreciated on a straight-line basis over the shorter of the estimated useful life of the asset and the term of the lease. Depreciation of other equipment is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

- | | |
|--------------------------|-------------|
| • Computer equipment | 2 - 4 years |
| • Office equipment | 2 - 5 years |
| • Furniture and fixtures | 2 - 5 years |
| • Leasehold improvements | 5 years |
| • Software | 2 - 4 years |

SOURCEPOINT FULFILLMENT SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 2024

Note 1 - Summary of Significant Accounting Policies, Continued

Revenue Recognition - The Company derives its revenues from business process outsourcing services. Revenue derived from professional services under the time-and-material contracts is recognized as the related services are performed. Revenue from title and related operations such as valuation, are primarily transactions based and is recognized when services are performed, the fee is fixed or determinable, and collection is reasonably assured.

In accordance with ASU 2014-09, Revenue from Contracts with Customers (Topic 606), the Company recognizes their revenue from contracts using the following five-step process: 1) Identify the contract(s) with a customer, 2) Identify the performance obligations in the contract, 3) Determine the transaction price, 4) Allocate the transaction price to the performance obligations in the contract, and 5) Recognize revenue as the Company satisfies a performance obligation.

Advertising and Marketing Costs - The Company expenses all advertising and marketing costs when incurred and these are included as part of operating expenses. Total advertising and marketing costs for the year ended March 31, 2024 was \$5,864.

Leases - In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, which requires lessees to recognize long-term leases on their balance sheet and disclose key information about leasing arrangements. The new standard establishes a right-of-use model (ROU) that requires a lessee to recognize a ROU asset and lease liability on the balance sheet for all leases with a term longer than 12 months. Leases will be classified as finance or operating, with classification affecting the pattern and classification of expense recognition in the income statement. ASU No. 2016-02 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Management has elected to early adopt the provisions ASU 2016-02 for the year ended March 31, 2024.

Concentration of Credit Risk - Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of cash and cash equivalents and accounts receivable. All such financial instruments involve risk by their nature including the credit risk of non-performance by counter parties. In management's opinion, there was no significant risk of loss in the event of non-performance to these financial instruments, other than amounts already provided for in the consolidated financial statements. The Company's cash accounts are concentrated in a few financial institutions. Although cash accounts at times may exceed the federally insured deposit limit, management does not anticipate nonperformance by the financial institution. Exposure to credit risk is managed through credit approvals, establishing credit limits, and monitoring procedures.

Income Taxes - Current income taxes are provided for in accordance with the applicable laws in various tax jurisdictions in which the Company operates. Income tax expense consists of the current tax provision and the net change in the deferred tax asset or liability for the year. Deferred income taxes are determined under the asset and liability method. Deferred tax assets and liabilities are recognized for future tax consequences of temporary differences between the carrying amounts of assets and liabilities, and their respective tax bases and operating loss and business loss carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of changes in tax rates is recognized in the results of operations in the period of enactment of the change. The measurement of deferred tax assets is reduced, if necessary, by a valuation allowance if it is more likely than not that some portion or all of the assets will not be realized.

SOURCEPOINT FULFILLMENT SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 2024

Note 1 - Summary of Significant Accounting Policies, Continued

Contingent Liabilities - Liabilities for loss contingencies arising from claims, tax assessments, litigations, fines and penalties, and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment and/or remediation can be reasonably estimated. Legal costs incurred in connection with the same are expensed as incurred. No contingent liabilities have been recorded as of March 31, 2024.

New Accounting Pronouncement - In June 2016, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") No. 2016-13, which requires entities to develop an estimate of their allowance for credit losses on receivable balances at their fiscal year end and disclose key information regarding the estimate. The new standard modifies the previous accounts receivable allowance method, which required entities to increase their allowance for doubtful accounts as losses occurred on the receivable, and now requires entities to record a loss provision at the origination of the customer contract based on Current Expected Credit Losses (CECL). The allowance for credit losses is shown net of receivables on the face of the balance sheet. ASU No. 2016-13 is effective for fiscal years beginning after December 15, 2022. Management has adopted ASU 2016-13 for the year ended March 31, 2024, with retrospective application applied to all periods presented.

Subsequent Events - The Company has evaluated subsequent events and transactions after March 31, 2024, and through June 27, 2024, which is the date the financial statements were available to be issued as required by USA GAAP.

Note 2 - Due from Related Parties, Net

Amounts due from (due to) related parties at March 31, 2024 are summarized as follows:

Firstsource Group USA Inc.	\$ (168,770)
Firstsource Health Plans and Healthcare Services, LLC	100,947
