

AROSCAI

AROSCAI is a premium brand in the world of smart home electronics, dedicated to transforming the way people live, work, and interact with technology. With a strong emphasis on innovation, elegance, and user convenience, AROSCAI offers a wide range of high-end products designed to simplify everyday life while enhancing comfort and security.

Founded in November 2021, **AROSCAI Technologies** is an Indian Internet of Things (IoT) company driven by a clear vision: to develop, manufacture, and commercialize advanced smart electronic products tailored for both residential and commercial applications. Each product is crafted with precision, blending cutting-edge technology with a refined design philosophy to create a seamless balance between functionality and luxury.

With AROSCAI, you don't just upgrade your home—you elevate your lifestyle.

Technical Specification:

- POWER SUPPLY : 4.5-6V (4 PCS AA BATTERIES)
- QUIESCENT CURRENT : < 50-65 micro-Ampere
- UNLOCK METHODS :
MECHANICAL KEY, FINGERPRINT, IC CARD, PASSWORD AND SMARTPHONE APP.
- WORKING CURRENT : >250 micro ampere
- FINGERPRINT : <=5
- CARD : <=100
- PASSWORD <=100
- PASSWORD LENGTH : 6-8 bit
- PHANTOM PASSWORD : 16 bit
- LOWER VOTAGE ALARAM : 4.5 +/- 0.2V
- WORKING TEMPERATURE : -10 degree Celsius ~ 60 degree Celsius
- WORKING RELATIVE HUMIDITY : 20% ~ 93%

Key Features:

Dynamic Passwords
Stay One Step Ahead of Intruders

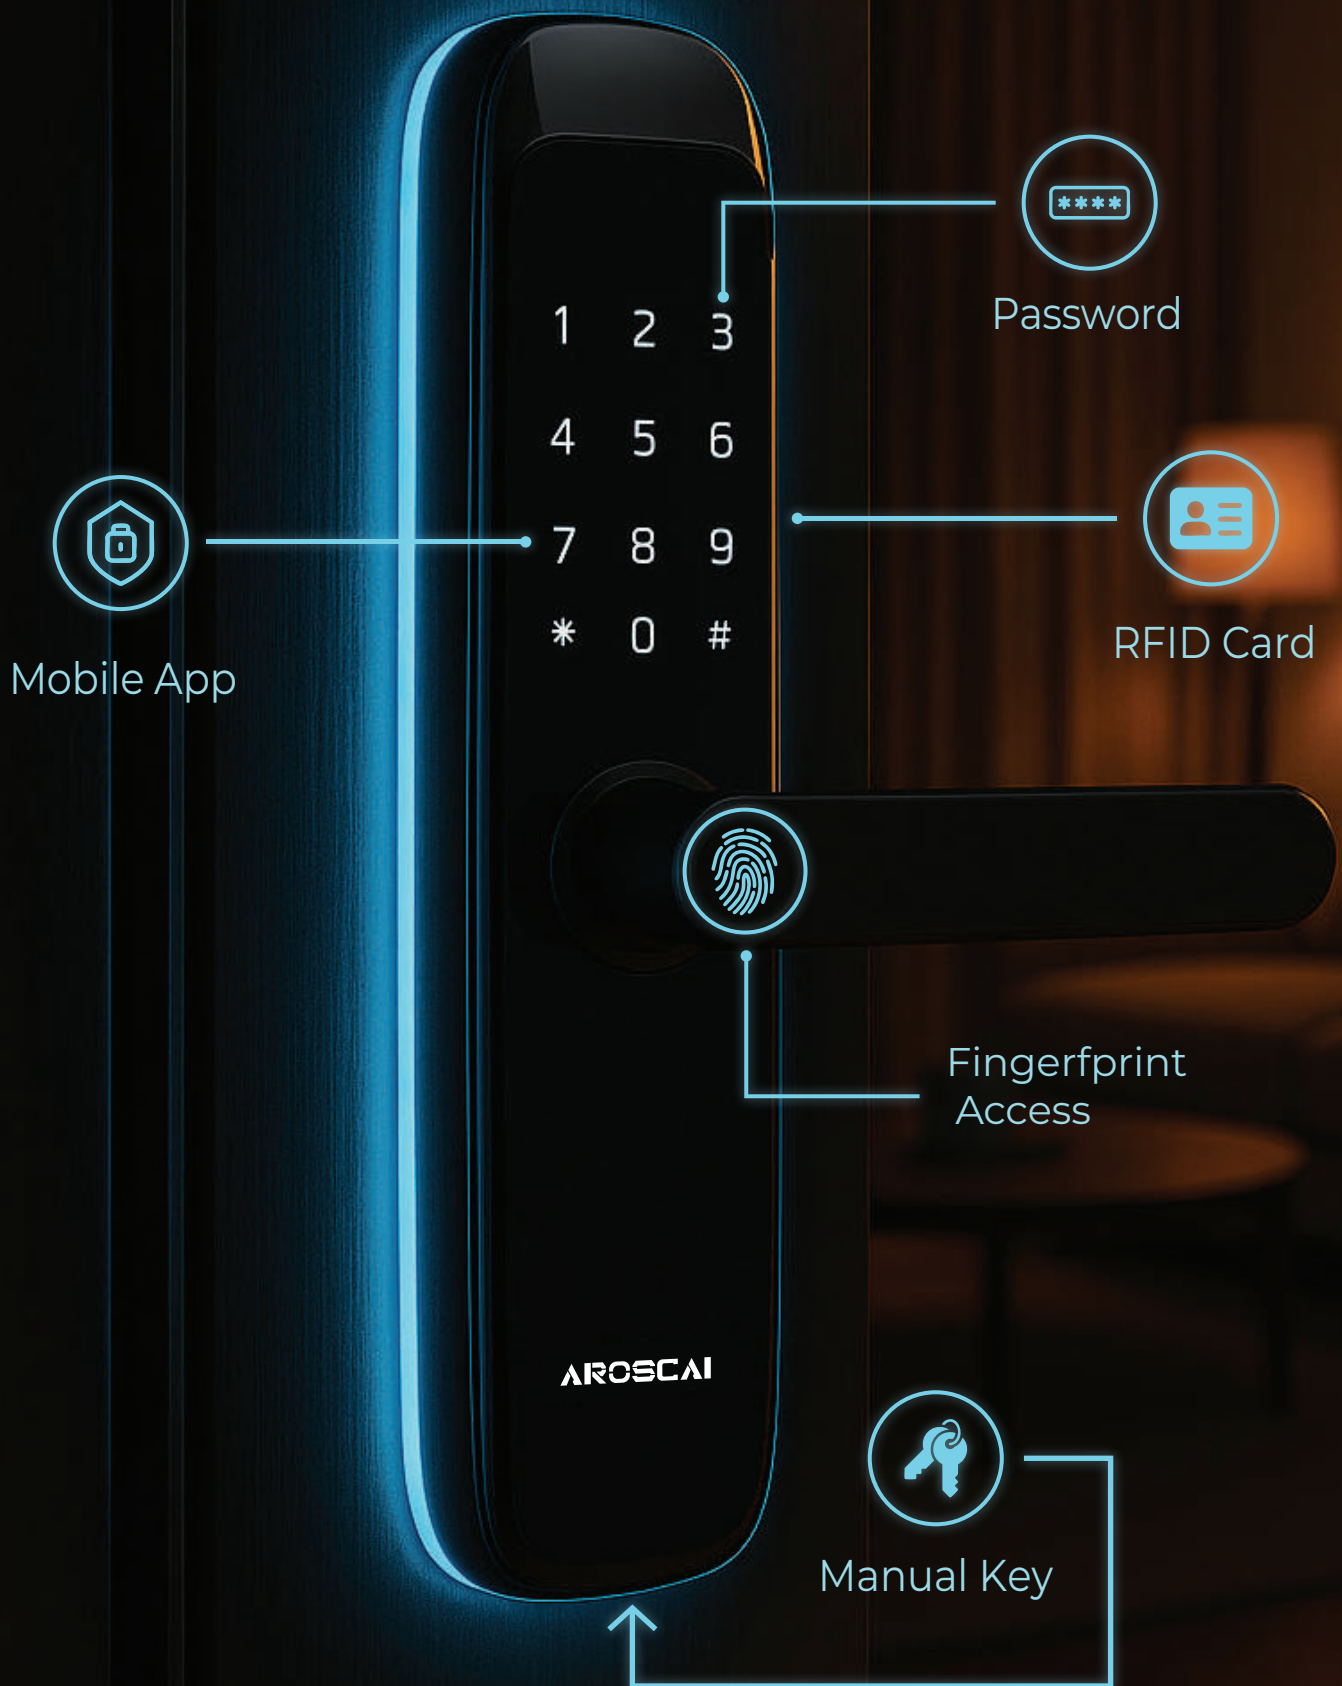

Comprehensive Activity Logs
Track Every Movement

Temporary Passwords
Convenience and Peace of Mind

Smart Hotel Touch Panels

Smart Switch stands as a trailblazer in the realm of connected home technology, reshaping the very essence of user-friendliness and unparalleled convenience when it comes to on-premise connectivity. This groundbreaking solution obviates the need for any alterations to existing habits or meticulous preparations. Instead, Smart Switch ingeniously amalgamates two fundamental aspects of our daily routines the act of effortlessly toggling switches **ON/OFF** and the convenience of accessing all functionalities through smartphones providing a remarkably connected and streamlined experience.
