**Process Manual for Slow and Advanced Learners**

Faculty deals with different kind of students within the classroom. Some are intelligent who grasp fast while some are weak and learn very slowly. Therefore, it is required to determine the abilities of the students in the class. Based on the ability determined, some students need only guidance and some students need a hard work and regular attention. On the basis of their preceding exam performance, current subject performance and class observation, learning speed students can be classified in two groups; **advanced learners** and **slow learners**. Every student has different learning attitudes and learning habits. A faculty has to adapt a teaching methodology such that he/she may not lose the attention of the slow learners and turn off the advanced learners.

### Objectives

The objective behind such identification of slow and advanced learners are-

1. To identify the factors affecting the student's performance.
2. To analyze them with respect to the institutional framework.
3. After identification and analysis, to provide a proper solution for improving their performance and build a successful career.
4. To provide a desirable and amicable solution both for the slow learners and advance learners to avoid any discrimination between them and they must take interest to reach up to a position in due course of time where both the group feel at par with each other.

### Process to Identify Slow and Advanced Learners

All students of a particular batch should be assessed on following parameters:

Sr. No.	Assessment Criteria	weightage
<b>Internal Assessment</b>		
1	Mid Term Test/Class Test	10%
2	Assignments/ Class participation and responsiveness / General awareness / Attentiveness etc.	10%
3	Class Attendance	10%
<b>External Assessment</b>		
4	University/ Board Exam	70%

The student securing marks below 40% would be identified as **Slow Learners** and the student securing marks above 70 % would be identified as **Advanced Learners**.

### Programs and activities for SlowLearners

In order to encourage and motivate slow learners, special attention is paid to them and following programs and activities are to be carried out

- Remedial Classes: conducted for both theory and practical sessions.
- Assignments and Solving University Question Papers: Provide solutions of questions papers from last 2 years
- Counseling Sessions: Assist students in their weak areas of performance and suggest improvements

- Personal attention: Providing special attention on non-academic parameters such as Communication Skill, Public Speaking, decide on Carrier Goals, and Managing Academics & Personality.

- Such students are given regular class tests in order to improve their performance in the university exam. Further, faculty members revise the tough topics as per the student's requirement and provide university question bank and discuss the way of presenting the answers in the exam to score marks.

All this is achieved by incorporating audio and visual materials in addition to their regular course. Special hints and techniques are provided to them. At the end of the mentoring, success stories of the mentoring process by the faculty mentors is documented

### **Programs and activities for Advanced Learners**

In order to encourage and motivate advanced learners following activities and programs are to be followed.

- Advance learning assignments or tasks are assigned to advanced learners
- Encouragement to complete NPTEL/SWAYAM/COURSERA/ courses
- Encouragement to Participate in Seminars/Conferences/ Live Projects / Domain specific Entrepreneurial Skills / Start- Up etc.
- Providing platform to become the part of Industry sponsored Internship/Research Work.
- Advanced learners are given representation in college level committees.
- Encourage to participate in national level contests and events.
- Encourage to become member of professional bodies and organize technical/professional events, research oriented.

**Bridge Course  
(From 03<sup>rd</sup> August to 08<sup>th</sup> August 2020)  
Report**

Department of Political Science conducted a Bridge Course from 03<sup>rd</sup> August 2020 to 08<sup>th</sup> August 2020 on basic concepts of Political Science for B.A. 1<sup>st</sup> Semester Students.

The Department of Political Science registered 76 Admission in the subject political science for the Session 2020-2021. To acknowledge the basic concepts of Political science to students, the department conducted the Bridge Course which include basic concepts of political science like Liberty, Freedom, Equality, Justice, Democracy, Liberalism, Rights, Constitution of India, International Relations etc. The brief information about the concept has been given to students. It is necessary for the students to introduce nature of the subject at entry level, so can students at least get some idea about the subject. Students provide Module for the subjects separtely.

Daily one hours lecture was delivered through virtual platform. At the last, online examination was conducted on the Module/Syllabus which was held on 10<sup>th</sup> August 2020. The main purpose was to verify whether students at least got some knowledge about the subject or not.

Dr.Pravin Bhagdikar, HoD, Political Science, Coordinate the Bridge Course. The concluding programme of the bridge course was held under the Chairmanship of Principal, Dr.Gajanan Patil, who has given some valuable suggestions to the students. All the Teaching & Non-Teaching Staff members contribute for making programme successful.

**Session: 2021-2022**

### **BRIDGE COURSE**

As per the circular of directors of Higher and Technical Education Departments, the bridge course should be implemented in the first session of the current academic year for the all students who are pursuing professional and traditional UG courses. Each college will have to setup a committee for the initiative and prepare a course.

Bridge Course helps students to make a successful transition into their new academic programs by providing them with the necessary background knowledge about the topics that will be covered in their new courses. In addition, Bridge Courses can also help students to develop the skills and abilities that they need to succeed in their new academic programs.

Faculty conduct introductory classes as Bridge course for newly admitted students in the college. It is starting for 1st semester students of the subject. As per requirement, the spans of this course will one week or fifteen days. Students are introduced with the fundamental concepts of the Computer subject. The Bridge Course is introduced for the new entrants with an objective to provide adequate time needed for the transition from secondary level to graduate level courses. Students, especially new entrants coming from schools, face many problems, for example where and who to deal with post admission administration issues, co-curricular activities and to mix up with classmates coming from different fields and backgrounds.

#### **AIM**

- ✦ To bridge the gap between previous knowledge and the course opted.

#### **Objective**

The objectives of a bridge course are as given below:

- To establish the fundamentals of a subject with the goal that students do not have any trouble when classes at college begin.
- To give a progress stage to set themselves up before the beginning of the primary semester.
- To overcome any barrier between the subjects learned at the pre-university level and subjects at the college level.
- To improve confidence of the slow learners to meet the knowledge requirements.

Session: 2021-2022

## Bridge Course Report

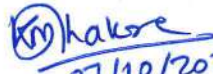

(From 25<sup>th</sup> October to 30<sup>th</sup> October 2021)

According to academic planning, Annasaheb Gundewar College introduced a Bridge Course on Computer and its applications for B.Com.(Vocational) & B.B.A. first year, 1<sup>st</sup> Semester students in the academic year 2020-2021. It was started from 25<sup>th</sup> October 2021 to 30<sup>th</sup> October 2021. It was designed to link higher secondary syllabi to the syllabi of under graduate courses at the entry level in the college.

The Department of Commerce and Management registered near about 100 students in the Computer subject for the Session 2021-2022. To acknowledge the basic concepts of Computer to students, the department conducted the Bridge Course which includes Fundamental concepts of Computer like History, Generations, Block Diagram of computer & Number System. The brief information about the concept has been given to students.

Daily one hours lecture was delivered through virtual platform. At the last, online examination was conducted on the Module/Syllabus which was held on 13<sup>th</sup> November 2021. The main purpose was to verify whether students at least got some knowledge about the subject or not.

Dr. Kanchan M. Thakre, Coordinate the Bridge Course for I semester students in the session 2021-22. The concluding programme of the bridge course was held under the Chairmanship of Principal, Dr. Gajanan Patil, who has given some valuable suggestions to the students. All the Teaching & Non-Teaching Staff members contribute for making programme successful.

## About the E-Conference

An idea about CSR has both ethical and philosophical dimensions particularly in India where there is a wide gap between income and standard of living among different sections of society. In the situation of Covid-19 pandemic the Government of India appealed the corporate houses to donate either in the PM cares Fund or for various other purposes that can be contributed for protecting, healing and preventing the common man from the covid-19 pandemic.

Effective CSR gives a company the power to stand out in today's saturated market and connect with customers on a level that ensures long term loyalty and potentially even brand advocacy. CSR activities may not necessarily have violated the letter of law but the spirit of such activities is what is required to be looked on whether CSR activities of the companies have fulfilled the objectives of CSR in real sense or whether the objectives of CSR are fulfilled in reality or whether the transparency is maintained in CSR activities or whether the corporate and NGO partnership has achieved their predetermined targets amid Covid-19 pandemic. Hence the theme of E-Conference is Corporate Social Responsibility: In India, amid Covid-19 pandemic.

It will be wise if the companies focus on areas that the society needs to be paid special attention. The contribution of companies in achieving the sustainable environment goals, basic health care, education and hunger etc. This will in turn ensure universal growth through CSR in the country.

## Sub -Themes

- 1) Feasibility of corporate social responsibility initiatives in India in the areas of environment, health, education and hunger: benefits and challenges
- 2) Corporate and NGO Partnership for successful social responsibility programme in India.
- 3) Contribution of corporate social responsibility fund: controlling Covid-19 Pandemic.

## REPORT ON EDUCATIONAL VISIT

The educational visit to an **Anthropological Museum** at Seminary Hill, Nagpur was organized for the students of B.A. Final by Department of Sociology, Annasaheb Gundewar College, Nagpur, on **05<sup>th</sup> April 2022**.

Tribal life, culture and Literature are an unavoidable aspect of the subject of Sociology. During the visit to anthropological museum students were very much excited to know about tribal's way of life and their traditional approach towards nature.

The educational visit was organized under the guidance of Prof. R. B. Burile, Head, Department Of Sociology. **Mr. Sudarshan Vaidya**, Assistant keeper and his colleagues provided valuable guidance to our students.

The students also made observation of archaic and traditional apparatus which were used by Tribal people. From all the aspects, this visit has given a new outlook to our students about tribal peoples and their economic, socio-cultural and religious beliefs and life style. This visit added much more knowledge than that of the books prescribed, students gave opinion. Students were very much pleased when a short film was shown to them about the realistic as well as pathetic condition of Tribal peoples.

**Q.4. A Read the following passage carefully and answer the questions**

**given below:**

**10**

After a light breakfast of a few biscuits and half a slab of chocolate, I left my tent at around 5.30 a.m. Ang Dorjee was standing outside. No one else was about. Ang Dorjee was going to climb without oxygen. But because of this his feet would get very cold. He thus wanted to avoid long exposure at heights and a night at the Summit camp. He had therefore to either get to the peak and

back to the South Col the same day or abandon the attempt.

He was keen to start immediately and asked if I would like to go with him. Going to the top from the South Col and back in a day would be strenuous and tough, and there was the risk of Ang Dorjee turning back if his feet got too cold. I, however, had full confidence in Ang Dorjee as well as in my stamina and climbing capability. Besides, no one else was ready to move at that time.

1. When was Ang Dorjee going to climb?
2. What would happen if Ang Dorjee climbed without oxygen?
3. What would be strenuous and tough for Ang Dorjee?
4. What was the risk in going to the top from the South Col? Why?
