Please let the student take the issued books from the library to there home and give equal opportunity to every student to take part in sports tournament at University level/college level and treat every students equally, except sports students because they have more privilege than other students of the college. So, treat everyone equally.

Needs to campus in graduate student

Satisfaction

As according to me please start student development cell in the college as well to encourage the students to learn the English speaking because it's necessary for everyone for their future.

THANKS..

- 1-Theory teacher needs to upgrade their teaching skills, they just read line and translate it in hindi , which can be performed by Google translator at home,
- 2- some teachers used to give internal marks to those student, whom they knows , this kind of teacher don't care about the student who submit assignment and appear for viva.
3. Need some relaxation in rules of library, all students will be allowed in Library only by showing their I'd card to avail library facility, rather than clg uniform and all .
4. I hope scholarship department will guide students well as my experience with scholarship department was so bad
- 5.above mentioned things to be improved .

Force to students to attend for regular lecture and having 85 % attendance. Same rules to all teachers

It was nice to have such lecturers but more technical faculties will surely help students to learn real time work. Also, there was need to upgrade the course contents as of present technology. I am not sure what courses are currently being taught for BCA, BCCA.
Thanks.
