## Vacuum Furnace Innovations

Providing Profitability Through Technology

Innovative vacuum furnace technologies available for every production requirement.

**ModulTherm®**.....high volume production designed for incremental growth.

**SyncroTherm®**....high profits by synchronizing with machining centers.

**DualTherm®**..... high performance via separate heating and quenching chambers.

**MonoTherm®**..... high flexibility with a variety of processes and configurations.

**ALD-Holcroft Vacuum Technologies**

49630 Pontiac Trail

Wixom, MI 48393-2009 USA
