PTG. ABSOLUTE PRECISION MAKES ALL THE DIFFERENCE

The difference between safe and dangerous can often be invisible to the naked eye. That's why you need the absolute precision of PTG Holroyd Precision.

Incorporating Holroyd, Binns & Berry, Crawford Swift, PTG Heavy Industries and Precision Components,

Precision Technologies Group (PTG) is a world leader in milling and grinding technologies, special purpose machine tools and ultra precision components for HVAC, aerospace, motor racing, medical, marine, steel, oil and gas. For absolute precision, choose PTG Holroyd Precision.

GEAR MAKING MACHINES SPECIALIZED MANUFACTURER

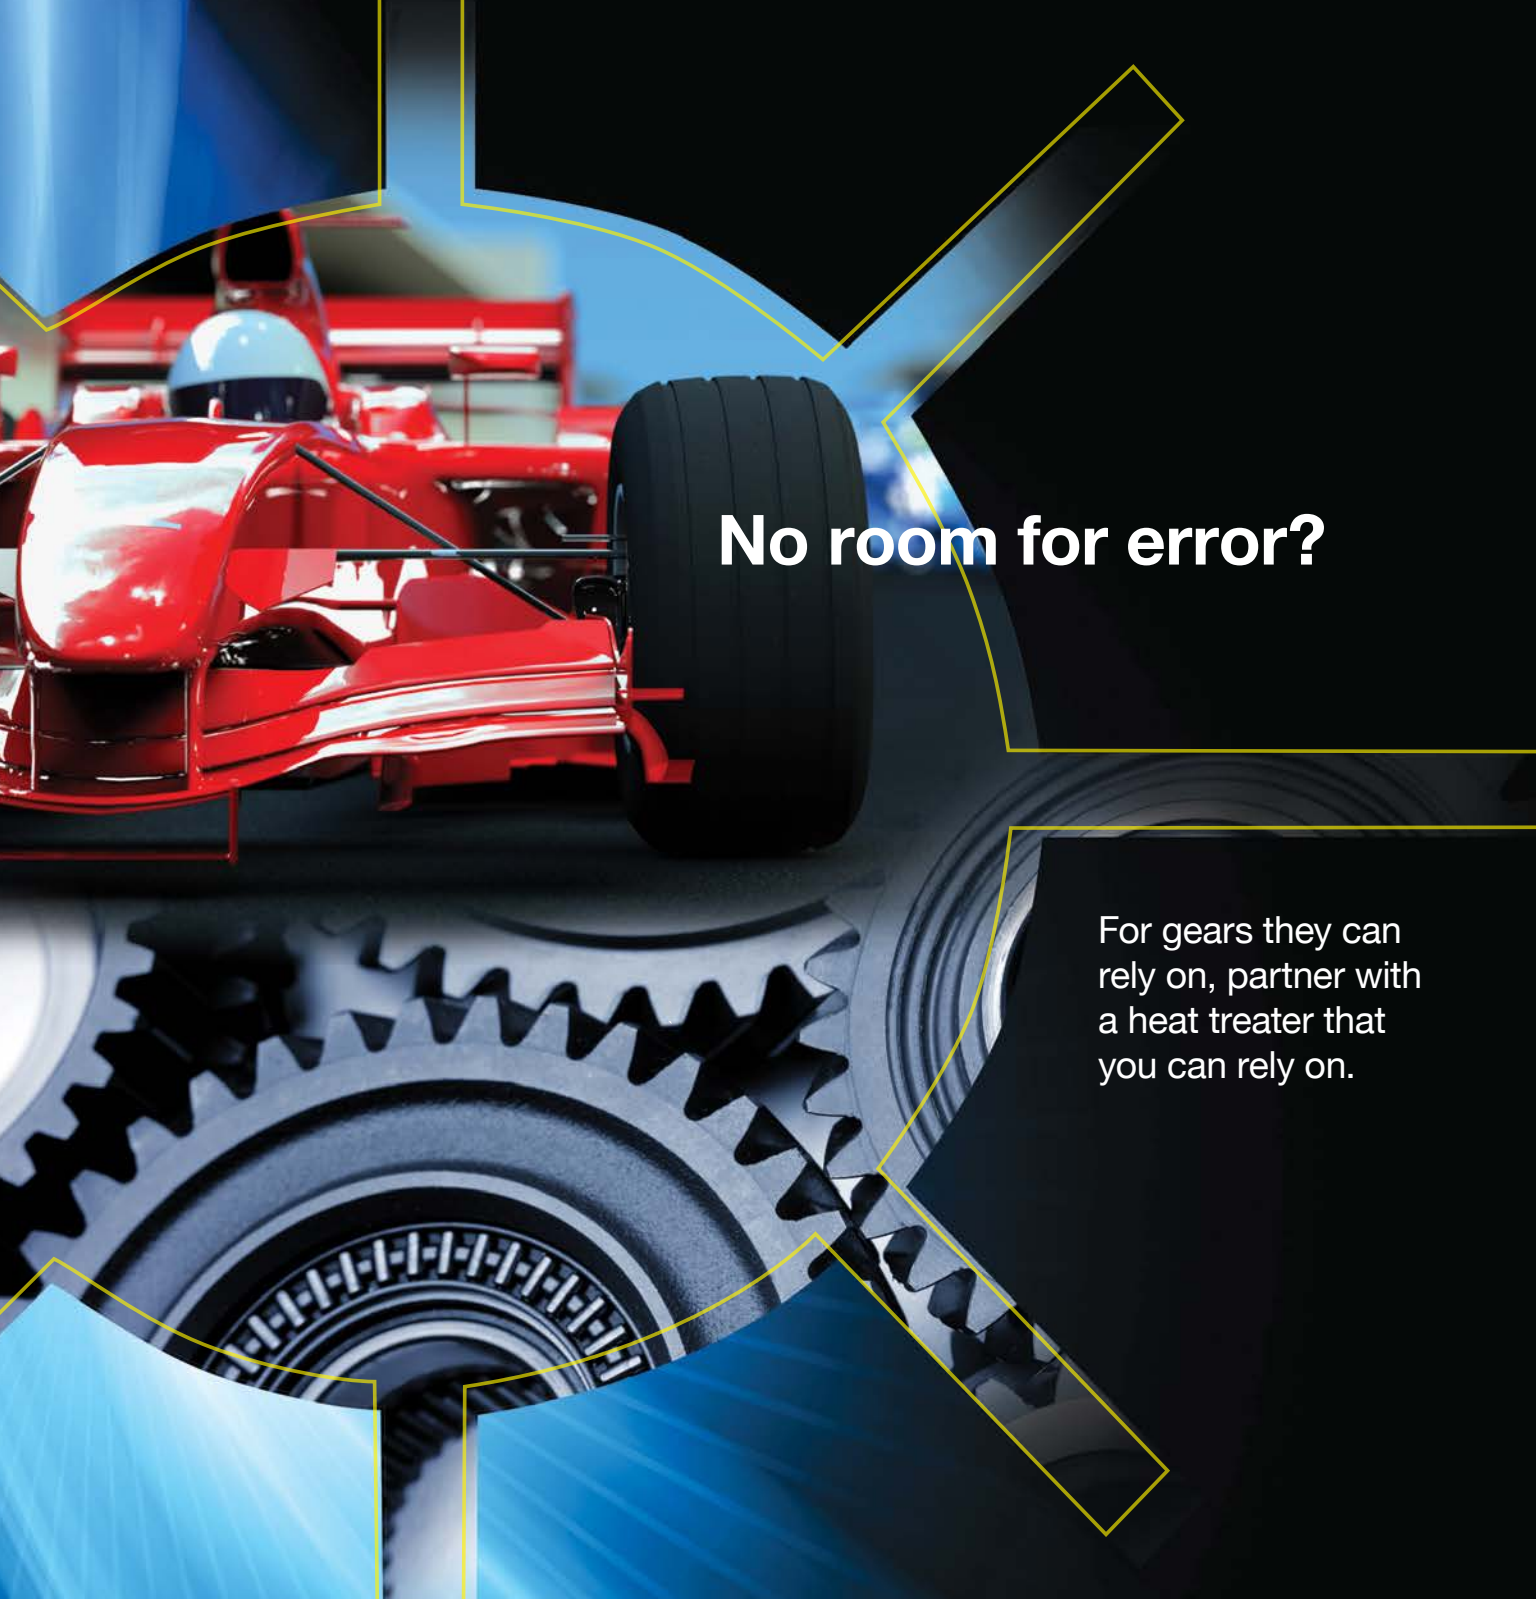

Established in 1951, Tianjin No.1 Machine Tool Works is China's technical & scientific development and production base specialized in gear making machines and a backbone enterprise in China's machine building industry.

- CNC gear shapers,
- CNC spiral bevel gear generators,
- CNC hypoid grinders,
- CNC hypoid testers,
- CNC gear tooth deburring machines,
- Gear tooth chamfering machine and,
- Their auxiliary machines.

Tianjin No.1 Machine Tool Works

Add: 146 Jintang Road Hedong District, Tianjin, China. | Tel: 86-22-24932536 | Fax: 86-22-24390644 | E-mail: sales@tmtw.com | www.tmtw.com

No room for error?

For gears they can rely on, partner with a heat treater that you can rely on.

At Solar Atmospheres, your critical specs get the specialized expertise they deserve. From stress relief to case hardening, we'll help assure that your gears can go the distance. Precise carbon control and aerospace-qualified pyrometry produce uncompromised quality. Harness our leading-edge vacuum technology to improve the uniformity of your case depths, minimize distortion

and enjoy clean parts with no IGO (intergranular oxidation). ISO 9001 / AS 9100, Nadcap accredited.
