

# Brother Gearmotors

A division of Brother International Corporation, Brother Gearmotors offers a full line of gearmotors and accessories to meet virtually any manufacturing power generation need.

The company's portfolio includes interior permanent magnet motors (IPM), brushless DC, AC Induction and other high-quality gearmotors and reducers for industries such as food & beverage, packaging and material handling. All Brother Gearmotors products are backed by an industry-best five year limited warranty.

As one of the world's largest fine-pitch gear manufacturers, Brother Gearmotors leads the industry's push for smaller, lighter more reliable and energy-efficient power transmission and motion control components. In the U.S., customers are serviced from a state-of-the-art, manufacturing and distribution facility in Bartlett, TN.

Standing behind its precision gearmotors and parts, Brother also features a best-in-class five-year warranty for all standard products. Currently, Brother and its subsidiaries employ over 1,000 people in the Americas. For more information, visit [www.BrotherGearmotors.com](http://www.BrotherGearmotors.com).
