

About This Directory

The 2013 *Power Transmission Engineering* Buyers Guide was compiled to provide you with a handy resource containing the contact information for significant suppliers of power transmission components.

Accessories.....	Page 28
Actuators	Page 29
Adjustable Speed Drives	Page 30
Bearings	Page 32
Belts & Belt Drives.....	Page 34
Brakes	Page 35
Chain & Chain Drives	Page 36
Clutches	Page 36
Controls	Page 38
Couplings and U-Joints	Page 40
Fluid Power.....	Page 41
Gear Drives	Page 41
Gear Manufacturing Services	Page 43
Gears	Page 44
Industrial Hardware and Machine Parts	Page 47
Linear Motion Devices	Page 47
Lubrication	Page 48
Motors	Page 48
Resources	Page 48
Seals.....	Page 49
Sensors	Page 49
Software.....	Page 49
A to Z Company Index	Page 50

Bold Listings throughout the Buyers Guide indicate that a company has an advertisement in this issue of *Power Transmission Engineering*.

How to Get Listed in the Buyers Guide

Although every effort has been made to ensure that this Buyers Guide is as comprehensive, complete and accurate as possible, some companies may have been inadvertently omitted. If you'd like to add your company to the directory, we welcome you. Please visit www.powertransmission.com/getlisted.php to fill out a short form with your company information and Buyers Guide categories. These listings will appear online at www.powertransmission.com, and those listed online will automatically appear in next year's printed Buyers Guide.

Handy Online Resources

The *Power Transmission Engineering* Buyers Guide – The listings printed here are just the basics. Visit our online buyers guide for the most comprehensive directory of suppliers of gears, bearings, motors, clutches, couplings, gear drives and other mechanical power transmission components, broken down into sub-category by type of product manufactured:

www.powertransmission.com/directory/

The Gear Industry Buyers Guide – If you manufacture gears or need information on suppliers of machine tools, tooling and services for gear manufacturers, please visit the buyers guide on *Gear Technology's* website:

DieQua offers more gearboxes

plus application experience to help
select the best one for your needs

Helical Gearmotors

- 1-75 HP Capacity
- Motorized or Adapters
- Right Angle or Inline
- Shaft Mount Designs
- Multi-Stage Ratios
- Modular Design

Worm Reducers

- 7 sizes, 28-110mm CD
- Fret-free Connection
- NEMA or IEC Adapters
- Coupling Input
- Aluminum Housings
- 2-Side Worm Support

Planetary Gearheads

- Precision or Economy
- Inline or Right Angle
- 40-155mm Frames
- Low Backlash
- 1 and 2 Stage Ratios
- Lubricated for Life

Servo Worm Gearheads

- 3 Backlash Levels
- Shafts or Hollow Bores
- Single or Dual Outputs
- 11 sizes, 25-200mm CD
- Capacity: 10-7000 Nm
- 20,000 Hour Ratings

Spiral Bevel Gearboxes

- 9 Sizes
- 1-250 HP Capacity
- Low Backlash Option
- Ratios from 1:1 to 6:1
- Output Shaft Options
- Machined Housings

Special Designs

- Add-On Options
- Modified Dimensions
- High Speed Applications
- Special Environments
- Special Duty Needs
- Custom Designs

Brands YOU Count on

People You Trust

Rexnord has been manufacturing and improving the Falk® Steelflex® product for decades. Known for durability in critical applications, proven performance and versatile design, Steelflex is the most frequently specified grid coupling in North America.

And, you can find Falk Steelflex couplings at your local Motion Industries location. Our local sales and service specialists are experts in application and technical support, providing the parts and the know-how you need to stay up and running.

The brands you count on from the people you trust... that's Rexnord and Motion Industries.

Over 550 locations | More than 5.2 million products
Industrial maintenance training courses | Call. Click. Visit.
