### FAQ

**Q:** Can a unit that received a free action from the Santiago extra ability from the Mission Priest still be issued Command Points?

**A:** No, Santiago is treated as if the unit received a Command Point. By the same token, a unit that received a Command Point earlier in the turn may not benefit from the free action given by the Santiago rule.

**Q:** Can Characters in this book be used in Forces found in Blood & Plunder Books?

**A:** Yes, these Characters can be used in any past, or future Blood & Plunder Forces unless otherwise noted.
