

EAN: 4013288115713
Part number: 05071116001
Article number: KK 60 Stainless

Size: 155x130x55 mm
Weight: 534 g
Country of origin: CZ
Customs tariff number: 82079030

- Solution to the extraneous rust problem: fasten stainless screws with stainless tools
- Vacuum ice-hardening provides the required hardness and strength
- Handle/Interchangeable blade system for rapid exchange of the blade
- Rapidaptor technology for rapid bit change
- Storage and transport in a robust belt pouch

Pouch with bits in a length of 89 mm. Includes Kraftform holder 3816 R with Rapidaptor quick-release chuck and multi-component Kraftform handle for low-fatigue working. Stainless design to prevent the formation of extraneous rust.

Screw stainless steel together with stainless steel!

Solution to the rust problem: screwdriving stainless steel together with stainless steel! Wera stainless steel tools are manufactured out of stainless steel so unsightly rust can be avoided.

Vacuum ice-hardened

The stainless steel tools from Wera are vacuum ice-hardened and have the hardness and strength needed for screw connections. There are no limitations to the industrial applications they are suitable for.

Handle/interchangeable blade system

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

Chuck-all

The Rapidaptor quick-release chucks hold 1/4" DIN ISO 1173-C 6,3 and E 6,3 as well as Wera series 1 and 4 bits.

Rapid-in and self-lock

The bit can be pushed into the adaptor without moving the sleeve. The lock is activated automatically as soon as the bit is applied to the screw. Bits are held securely and wobble-free.

Rapid-out

Simply push the sleeve forward to change the bit. The spring mechanism lifts the bit off the magnet and unlocks the tool. The bit can be easily removed. The rapid-out function makes it easy to remove even the smallest bits without extra tools.

Prevents hand injuries

The outstanding design of the Kraftform handle that fits perfectly into the hand prevents hand injuries such as blisters and calluses.

Storage and transport

The tools can be stored and carried in a robust belt pouch, keeping them always to hand.

Set contents:

3816 R Bitholding screwdriver with Rapidaptor quick-release chuck, stainless, 1/4" x 119 mm

05051465001

1x 1/4" x 119 mm
