

2067/6 HF Screwdriver Set

Kraftform Micro series

EAN:	4013288147134	Size:	244x82x24 MM
Part Number:	05345277001	Weight:	133 G
Article Number:	2067/6 HF	Country of origin:	CZ
		Customs Tariff	8205400000
		Number:	

- Kraftform Micro TORX HF screwdrivers with holding function for recessed TORX screws
- Multi-component Kraftform handle with anti-roll feature and swivel cap for rapid twisting
- The Wera Black Point tip offers an exact fit and optimum corrosion protection
- Holding function for TORX screws, chrome-plated
- "Take it easy" tool finder: colour coding according to profile and size
- E.g for electricians, opticians, precision mechanics jewellers or IT hardware fitters

Premium Wera Micro screwdriver for precision mechanical couplings. With practical holding function: The clamping force resulting from the seating stress between the tip and the screw profile keeps the screws securely on the tool. By supporting the hand on the rotating cap, and due to the fast rotating zone below the rotating cap, lightning fast turning is possible. Time-consuming hand switching is eliminated. The power zone with integrated soft zones ensures the transmission of high tightening and loosening moments. Precision zone for correct rotation angles whilst adjusting. The Wera Black Point tip offers fitting accuracy and optimised corrosion protection. "Take it easy" tool finder with size stamping and colour coding by profile for quick and easy identification of the required tool.

2067/6 HF Screwdriver Set

Kraftform Micro series

Kraftform Micro handle

Multi-component screwdriver handle for ergonomic working.

The refined screwdriver for electronics technicians

The Kraftform Micro, with its three zones and their specific arrangement, satisfies these requirements perfectly. The free-turning cap that provides support for the hand works with these advantages, enabling quick and easy precision work.

The precision zone

The precision zone directly above the blade gives the user a better feel for the right rotation angle during fine adjustment work.

The power zone

The power zone has integrated soft zones near the blade tip to ensure high torque transfer for loosening or tightening screws without losing contact with the screw.

The fast-turning zone

The fast-turning zone just below the rotating cap allows rapid spinning.

Wera Black Point tip

The Wera Black Point tip and a refined hardening process ensure long service life of the tip, improved corrosion protection and an exact fit.

“Take it easy” Tool Finder

Screwdrivers with “Take it easy” tool finder: colour coding according to profile and size stamp.

Holding Function

The Wedging forces resulting from the surface pressure between the drive tip and the screw profile allow for screws to be held securely.

2067/6 HF Screwdriver Set

Kraftform Micro series

Set contents:

2067/6

1x	2067 HF TX 6 x 40 mm
1x	2067 HF TX 7 x 60 mm
1x	2067 HF TX 8 x 60 mm
1x	2067 HF TX 9 x 60 mm
1x	2067 HF TX 10 x 60 mm
1x	2067 HF TX 15 x 60 mm
