About MAKE Wellness

MAKE Wellness™ provides science-backed wellness solutions distributed through independent Affiliates. Affiliates may choose to enjoy products for personal use, share products with others, and/or build a sales organization. This document reflects typical Affiliate earnings so that prospective and current Affiliates have a realistic understanding of earning potential.

How to Join MAKE Wellness

You can engage with MAKE Wellness in the way that fits you best:

- **Customer** – Customers enjoy MAKE Wellness products for their own personal use. Ordering can be done at standard pricing or through a convenient subscription, which provides ongoing savings.
- **Affiliate** – Affiliates enjoy the same product pricing options as Customers. The difference is that Affiliates also can earn commissions and bonuses through the sale of MAKE Wellness products to Customers, as outlined in the [Compensation Plan](#).

Getting started as either a Customer or an Affiliate is free. There are no fees or purchase requirements to join, and you decide how—and at what level—you'd like to participate.

How Affiliates Earn

Affiliates may earn in two primary ways:

1. Personal Sales – Commissions on product sales you make to your Customers.
2. Team Sales – Bonuses based on your team's product sales made to Customers.

Earnings are always based on product sales to end consumers—not on recruiting.

Earnings Are Not Guaranteed

Earnings take hard work and significant effort. Levels of earnings are not guaranteed. Success depends on individual effort, time commitment, business skills, and market conditions.
