

THE AVINI Advantage™

AUGUST 2024 EDITION

AVINI HEALTH®

ADVANCES IN NATURAL HEALING

"I have been on Cell Defender™ and our other products for many years, and I can tell you that I have had one cold in the last 5 years – and that cold only lasted 2 days. These products do what they are supposed to do, keep us healthy!"

First, thank you! This summer, our Company continued to grow at a fantastic pace, so more and more people are able to take advantage of our life changing, life enhancing products everyday due to your hard work!

With summer coming to end, let's turn our conversation to Preventative Healthcare!

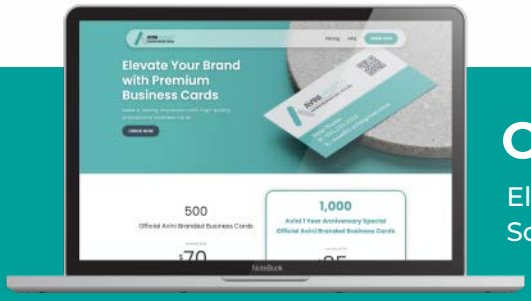

With kids going back to school, cooler weather, and more business conventions, meetings etc., colds, flus, and stomach viruses will begin to spread. Our Company is focused on improving your immune system, and the logical extension to that improved immune system is the ability for your body to fight off disease. With the help of our Avini products, even if you do get a cold or flu, a milder reaction should occur. It is also important to make sure that you have your Nano Silver and Cell Defender™ for those people you know that get sick and need to get better faster!

This is one of the reasons we have our Back To School Prevention Kit available in limited quantities this month. We know that with inflation every family is under pressure, so we felt it was our responsibility to create this value kit so that you can afford to have everyone in your family on these products. This kit is exclusive to our Distributors, serving as a thank you for your efforts! Beyond that, even our everyday Bundles and Prepacks are there to help you accomplish this, especially when paired with an Autoship!

I have been on Cell Defender™ and our other products for many years, and I can tell you that I have had one cold in the last 5 years – and that cold only lasted 2 days. These products do what they are supposed to do, keep us healthy!

We have always felt that the best news we can get about our health is no news, let's make that true for our families and everyone we know.

Neil Roth

TECH & COMPLIANCE

Michael Polak III,
VP of IT and Compliance

Did you know that nine in ten people in the US own a cell phone?

In recent studies, they found that the age range most dependent on their cell phones is from 18 to 29 years old. An even more interesting fact is that the second most dependent users of cell phones are age 65+. That means that from 11 to 100 years old, most Americans have a cell phone in their pocket, waiting for a call, text, or video!

I can think of no better way to get someone instant information about products you love and want to share. We live in a time where cell phones are an extension of us in some capacity, and it's one of the easiest ways to communicate with anyone worldwide.

We created our Avini Advantage App for our Distributors, and the App is available to you for FREE. We understand the importance of having a vehicle to send information about the products via video, whitepapers, newsletters, and testimonials right to their phone. The time is now to download and use the App to track your prospects and share valuable information that will help educate your friends and family on Avini Health Products.

You can find all the information you need on the App on **avinihealth.com/app.**

ADVANCES IN NATURAL HEALING

Staying Healthy at ‘Back to School’ Time

Rik J. Deitsch, MS Biochemistry
Chief Scientific Officer, Avini Health

Across the country, students are heading back to school. Each year, the National Center for Education Statistics (NCES) compiles facts and figures that provide a snapshot of the most recent data about schools and colleges in the United States. In fall 2021, about 49.4 million students were enrolled in public elementary and secondary schools and 5.5 million in private schools. These break down to about 1.4 million attending Pre-K; 35.8 million attending Kindergarten to grade 8; and 16.8 million attending grades 9 to 12.

In school year 2021–22, there were 3.2 million full-time equivalent (FTE) teachers in public schools and 0.5 million FTE teachers in private schools.

That’s almost 59,000,000 students and teachers in the United States that just went back into their classrooms. This is a time of stress as well as an efficient arena to transfer potentially infectious germs. With fall and winter coming, the flu, colds, and other respiratory illnesses are more common in cold weather as people tend to spend more time indoors, where viruses can pass more easily from person to person. Also, health experts believe the flu virus survives better in cold weather and cold, dry air weakens people’s resistance.

LET'S KEEP OUR STUDENTS AND TEACHERS HEALTHY THIS SCHOOL YEAR!

There's a lot that can be done with Avini Health's products to promote immune system health and keep sickness at bay. This all starts with detoxification; because a cleaner, healthier body fixes itself.

Detoxolite™, the micronized and activated clinoptilolite zeolite that is in Avini Health's products, is the world's greatest systemic detoxifier. It removes heavy metals, volatile organic compounds and other toxins throughout the body. This improves overall health by eliminating competitive metals while stabilizing all of our metabolic functions. The zeolite does not stimulate the immune system, but allows it to function optimally by removing toxins, viruses, yeasts, bacteria, and fungi which can depress immune function and interfere with hormones. Additionally, heavy metals have been indicated in the inhibition or down-regulation of zinc finger proteins. These proteins are necessary for proper cell division and immune system response. The zeolite has been indicated in stabilizing zinc finger protein activation through the removal of inhibitory toxic heavy metals.

ZMUNITY Mushroom Blend

Mushrooms have been used for health, wellness, and medicines for thousands of years. It has been known for a long time that fungi produce potent bioactive compounds with medicinal properties. Classic examples of this fungal-derived class of medicines are antibiotics, such as Penicillin. It is therapeutically best to utilize a blend of several mushroom species, because "the whole is greater than the sum of its parts." For one thing, it is easier for pathogens in the body to adapt and become resistant to one mushroom than to several. Secondly, each mushroom species has a unique arsenal of anti-infective and immunomodulating agents.

These special agents include: Polysaccharides, Glycoproteins, Ergosterols, and Triterpenoids. These agents are precursors to the more complex compounds, beta glucans. It is the synergy between ALL of these elements that makes mushrooms so medicinally powerful when consumed as a whole food. The mushroom blend utilized in Avini's Zmunity are grown in a controlled environment in competition with each other. This allows the fungus to create incredibly high levels of beneficial biomolecules that include: antioxidants, fibers, and signaling molecules. To get the full benefit of these mushrooms, we only use a full spectrum extract of all seven mushrooms in the IAS blend. The IAS Full Spectrum Mushroom Complex in Avini's Zmunity is considered to be the most technologically advanced immune blend for use in dietary supplements on the market today. Featuring a combination of more than 200 highly purified, immune-active high molecular heteropolysaccharides and Beta 1,3-1,6 triple right hand helix beta glucans, IAS is derived from seven closely related organisms—100% USDA certified organic, certified kosher, biotech lab cultivated, full spectrum, non-GMO:

Agaricus blazei (Sun), Lentinula edodes (Shiitake), Grifola frondose (Maitake), Trametes versicolor (Turkey Tail), Ganoderma lucidum (Reishi), Cordyceps militaris, and Cordyceps sinensis (Caterpillar).

Full Spectrum mycoproducts are the complete fungal material consisting of all the biologically active components, including the mycelium, primordia, fruitbodies, and most importantly, the extracellular compounds produced throughout the entire life cycle of the organism. It is these extracellular compounds (compounds that are excreted outside of the cell and into the surrounding environment) that are responsible for the main medicinal properties known from the fungal kingdom. This includes all the antibiotic properties, antiviral properties, antifungal properties and all the other 'survival' compounds that the fungus produces to give itself an advantage over the competing bacteria and microbes in the highly competitive environment in which it lives. These secondary metabolites have opened up the frontiers of medicine, with such breakthroughs as antibiotics and cholesterol lowering drugs.

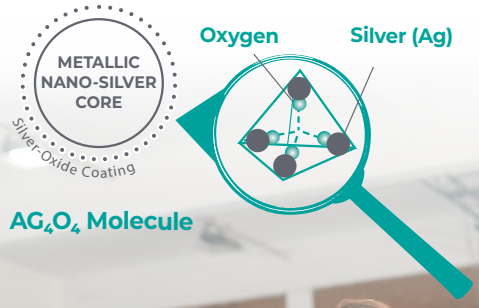

Avini Health's NanoSilver

Silver, as a metal, is naturally toxic to viruses and bacteria; but it can also harm healthy human cells if it's available as a discrete ion (individual atom). Most silver available on the market today contains silver ions in an atomic state that has no crystalline structure. Avini's silver technology contains a nano-sized crystalline metallic core (7-10nm spheres) made of .9999 pure silver, surrounded by a silver-oxide coating (silver and oxygen combined together). This skin-like coating gives the silver its stability and unique properties unlike any other silver technology.

As Ben Franklin taught us, "An ounce of prevention is worth a pound of cure." We have all of the information that we need to maintain optimal health and prevent or minimize disease. Along with this knowledge, common sense, and Avini's spectacular products; we can keep everyone safe and healthy through the Back to School season.

NANO SILVER UNIQUE PROPERTIES INCLUDE...

- Triple-Action Silver Particle
- Continuous-Action Silver Particle
- Does NOT build up in the body
- Proven safe through multiple 3rd party human ingestion safety studies
- Outperforms other silvers that have up to 300 times the quantity of silver
- Harmless to probiotic bacteria

Remember to Register for the Avini Health Vision Tour 2024

REGISTER TODAY!

SEPTEMBER 14
PORTLAND, OR

NOVEMBER 9
BOCA RATON, FL

OCTOBER 19
ARLINGTON, VA

The Avini Health Vision Tour are regional events held throughout the country and offer an incredible opportunity for Distributors to learn more about our company and our revolutionary health and wellness products.

Attendees have the unique chance to engage and network with like-minded professionals, creating lifelong connections that can assist you on your health and wellness journey, and as a Distributor.

The events also offer an exclusive opportunity to meet and hear directly from the Avini Health leadership team, gaining valuable insights into the company's vision and the passion driving its success.

Visit Avinievents.com to register for the next regional event.

DISTRIBUTOR *Success*

This is where we get to brag about YOU! Distributors are what make AVINI Health possible and we want to celebrate each and every success with everyone.

Shari Noldge of Oregon

DIAMOND EXECUTIVE

We have heard it over and over – the truth that we are with the right company, the right leadership, offering incredible life-changing discoveries that people are hungry for, and at the same time, giving us the real opportunity for financial wellness. As our CEO, Neil Roth, stated on his August Corporate Call, "There is no time to be hesitant in offering these gifts. Especially through a heart to heart connection." We are received with gratitude!

My intention and purpose in life has always been to be of service to others. Avini has allowed me to have my greatest joy. It is with elevated emotion, I express my gratitude for the growth of our like-minded and dedicated team family, sharing our love for Avini. I confess, my biggest challenge is finding balance. I encourage everyone to clearly know your "why" and your intentions. Then, move forward with confidence, belief, and faith – gently sharing with all those you meet – creating the trust they seek. Avini is REAL!

Message from
Douglas Dickey, VP of Sales

Congratulations to all the new, excited Distributors who made the decision to join Avini Health.

This is an opportunity with no obligations. What a wonderful start for you to experience the products and have a place in our organization. Remember to share Avini and make that difference in others' lives too. Neil, Rik, and I welcome you to the Avini Family and wish you health and prosperity. This month, we had our Vision Tour Regional event, which was held in Minneapolis, Minnesota, where many excited Distributors and guests came to learn about our Avini Vision – hearing from Neil about the origins of Avini, the challenges, and successes. Neil and others shared our plans for the future that foster excitement and energy in helping others become healthy. Being one of the early Distributors in a life changing company is a rare opportunity. Many Distributors had never met Neil and had never heard Rik speak in person about our amazing products and the details of why these are the greatest products for prevention and Detox in the market. And by the way, products are sold exclusively through Avini Independent Distributors. There is no other way to get them.

Many of the attendees had been using only a couple of products and were excited to learn about, try, and share the rest of the products with others. In the end, several guests signed up and received free shipping and 10% credits on their products.

We only have three remaining events left for the Vision Tour, and we want to meet you there. The next events are as follows:

- Portland, Oregon – September 14th, 2024 at Embassy Suites by Hilton
- Arlington, Virginia – October 19th, 2024 at Crown Plaza
- Boca Raton, Florida – November 9th 2024 at Embassy Suites by Hilton (Near our Manufacturing Plant and Home Office)

Hurry and get registered at **Avinievents.com** to secure your tickets for the event.

At these events, you and your guests can get to know Avini Health and its purpose while meeting the Company founders and Distributor Leaders who are achieving their dreams by helping others achieve theirs. Rubbing shoulders with others of like mind is highly motivational and fun. A healthy and plentiful lunch is provided with the registration. Neil, Rik, and I will be around shaking hands, giving hugs, and would love to meet everyone and hear of your amazing stories with the products. We encourage everyone to register and come see us in Portland, Arlington, and Boca to learn, to grow, to thrive, and to be amazed.

Be a part of history. We want to see you there. Register at **Avinievents.com** and bring a guest, or two, or three.

I want to thank all of our Distributors for being the best part of Avini. You make it happen. Let's do great things.

Sincerely,

Douglas Dickey
