STAGE is a modular furniture system that consists of three main components:

A : 350*1000*1500

B : 350*500*2000

C : 350*500*1000

+ shelf modules + desk module.

What sets **STAGE** apart is its modular nature, allowing you to arrange and configure the modules according to your specific needs and space constraints.
