## Current Intercom Tags

Conversation Tag	Description of Conversation Context	What this Tag Tells Us
<b>Venue: Configuration Support</b>	<p><b>Client Type:</b> Venue</p> <p><b>Incident Description:</b> Venue needs help with configuring a feature or understanding how a specific feature's configuration works</p> <p><b>Example:</b> How to set up commissions</p>	Do we need better onboarding processes? Do we need better support materials?
<b>Venue: Feature Request/Limitation</b>	<p><b>Client Type:</b> Venue</p> <p><b>Incident Description:</b> Venue would like a new feature or would like an existing feature to expand in capability</p> <p><b>Example:</b> Feature does not allow venue to capture certain data they would like to view</p>	Do we need to improve our software?

<p><b>Venue: Feature Clarity</b></p>	<p><b>Client Type:</b> Venue</p> <p><b>Incident Description:</b> Venue is unsure of what a feature is, why it would benefit them, and/or how it works</p> <p><b>Example:</b> Venue is completely unaware of a feature that would directly benefit their preferences or how to use features they are aware of to benefit their preferences</p>	<p>Do we need better onboarding processes? Do we need better support materials?</p>
<p><b>Venue: Credit Card/Fraud Issues</b></p>	<p><b>Client Type:</b> Venue</p> <p><b>Incident Description:</b> Venue is experiencing a credit card and/or fraud issue</p> <p><b>Example:</b> Venue's CC information is wrong</p>	<p>Do we need to audit our payment gateways? Are there new fraud trends we're not aware of?</p>
<p><b>Venue: Bug</b></p>	<p><b>Client Type:</b> Venue</p> <p><b>Incident Description:</b> Venue is experiencing a bug that needs to be fixed in the system</p> <p><b>Example:</b> Platform is not updating with expected screen because of platform error</p>	<p>Do we need to focus on patches?</p>
<p><b>Venue: Human/Buying Error</b></p>	<p><b>Client Type:</b> Venue</p> <p><b>Incident Description:</b> Venue has made an error from human carelessness</p> <p><b>Example:</b> Venue put the wrong dates into an event</p>	<p>This is an ideal situation for customer support.</p>
<p><b>Customer: Unclear on Venue Policy/Event Info</b></p>	<p><b>Client Type:</b> Customer/Event Goer</p> <p><b>Incident Description:</b> Customer/Event Goer needs help with an issue resolved by Venue policy</p> <p><b>Example:</b> Customer/Event Goer would like a refund or cancellation  Customer/Event Goer does not know how to redeem tickets they won in a contest</p>	<p>Do we need to provide venues with outlines on how to properly communicate to customers?</p>

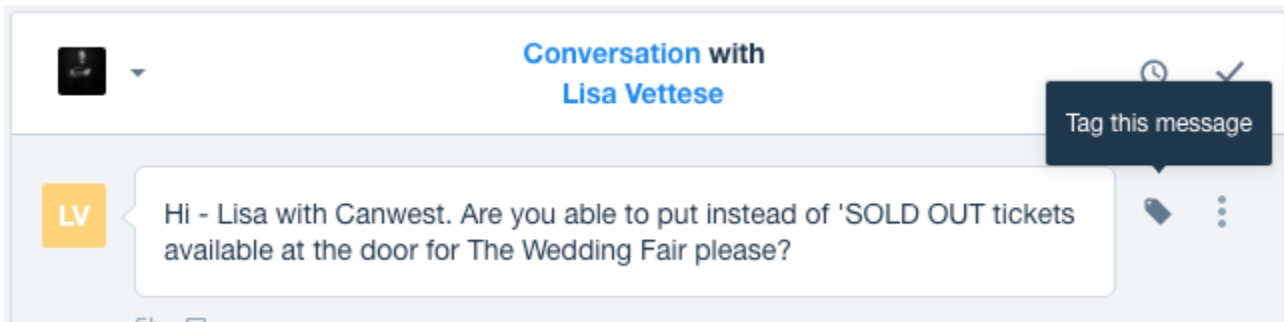

<p><b>Customer: Unclear on Venue's Event Status</b></p>	<p><b>Client Type:</b> Customer/Event Goer</p> <p><b>Incident Description:</b> Customer/Event Goer needs clarity on an issue that has risen from a specific event</p> <p><b>Example:</b> Customer/Event Goer has been told that the event has been cancelled but does not know what to do with their ticket and if they're given a refund</p>	<p>Do we need to provide venues with outlines on how to use mass messaging/emails?</p>
<p><b>Customer: Issue Related to Venue Configuration Error</b></p>	<p><b>Client Type:</b> Customer/Event Goer</p> <p><b>Incident Description:</b> Customer/Event Goer cannot complete desired actions because of erroneous feature configuration</p> <p><b>Example:</b> Customer/Event Goer cannot access VIP tickets for purchase, though told they would be</p>	<p>Do we need better onboarding processes? Do we need better support materials?</p>
<p><b>Customer: Credit Card/Fraud Issue</b></p>	<p><b>Client Type:</b> Customer/Event Goer</p> <p><b>Incident Description:</b> Customer/Event Goer is experiencing a credit card/fraud issue</p> <p><b>Example:</b> Customer/Event Goer's CC is not working</p>	<p>Do we need to audit our payment gateways? Are there new fraud trends we're not aware of?</p>
<p><b>Venue: Escalation</b></p>	<p>Venue has issue that requires the involvement of a second Showpass team member</p>	<p>Do we need new incident types and materials?</p>
<p><b>Customer: Escalation</b></p>	<p>Customer/Event Goer has issue that requires the involvement of a second Showpass team member</p>	<p>Do we need new incident types and materials?</p>
<p><b>Customer: Feature Request/Limitation</b></p>	<p><b>Client Type:</b> Customer/Event Goer</p> <p><b>Incident Description:</b> Customer/Event Goer would like a new feature or for a current feature to expand in capability</p> <p><b>Example:</b> Feature does not allow viewing seat map</p>	<p>Do we need to improve our software?</p>
<p><b>Customer: Feature Clarity</b></p>	<p><b>Client Type:</b> Customer/Event Goer</p> <p><b>Incident Description:</b> Customer/Event Goer is unsure of what a feature is, why it would benefit them, and/or how it works</p> <p><b>Example:</b> Customer unaware of Universal Barcode</p>	<p>Do we need better support materials?</p>

<p><b>Customer: Bug</b></p>	<p><b>Client Type:</b> Customer/Event Goer</p> <p><b>Incident Description:</b> Customer/Event Goer is experiencing a bug that needs to be fixed in the system</p> <p><b>Example:</b> Platform is not updating with expected screen because of platform error</p>	<p>Do we need to focus on patches?</p>
<p><b>Customer: Human/Buying Error</b></p>	<p><b>Client Type:</b> Customer/Event Goer</p> <p><b>Incident Description:</b> Customer/Event Goer has made an error from human carelessness</p> <p><b>Example:</b> Customer/Event Goer unsure of why event dates don't match purchase (purchased wrong dates in process)</p>	<p>This is an ideal situation for customer support.</p>

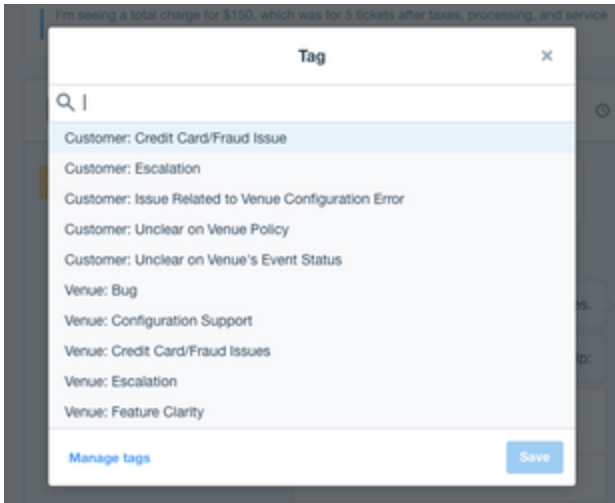

## How to Use Intercom Tags for Conversations

When a Venue or End-Customer messages you through the Intercom system, you are able to tag conversations.

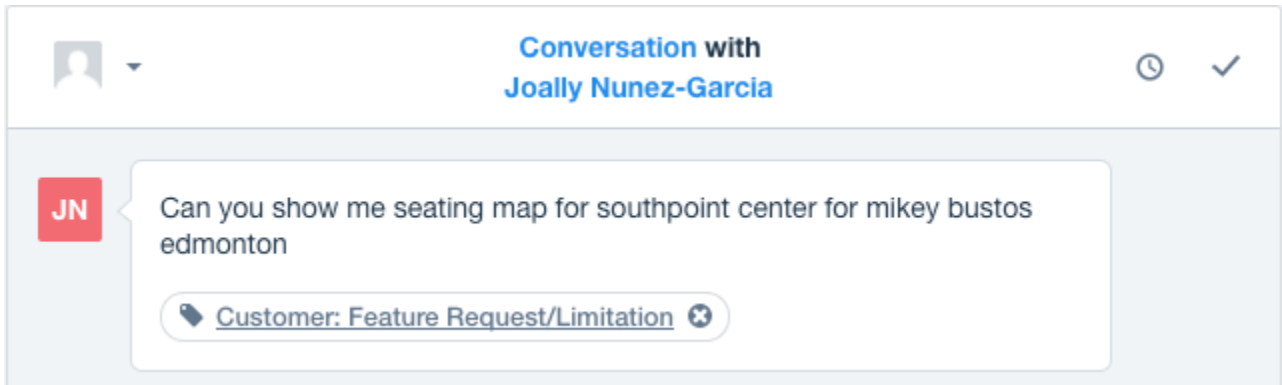

1. Hover your mouse over the message they send. A tag symbol will appear.

2. Click this symbol and it will give you a choice of the above tags.

3. The conversation will be tagged and appear like this:

## Where You'll Find the Conversation Tag Graph

Login > Respond > Reports > Performance > Scroll to "Conversations Participated In, by tag"
