Profile

Front-End Developer with 3+ years of experience building responsive, scalable, and high-performance web applications using **React.js**, **Next.js**, **JavaScript**, **Tailwind CSS**, and **Bootstrap**. Skilled in developing modern dashboards, MLM platforms, Blockchain-based systems, and FinTech applications with clean UI and optimized performance.

Experienced in creating reusable components, improving application speed, ensuring cross-browser compatibility, and delivering pixel-perfect user experiences. Strong understanding of frontend architecture, API integration, responsive design, and modern development workflows with Git/GitHub. Passionate about building user-centric digital products with clean and maintainable code.
