

AUTOMATION WORLD 647

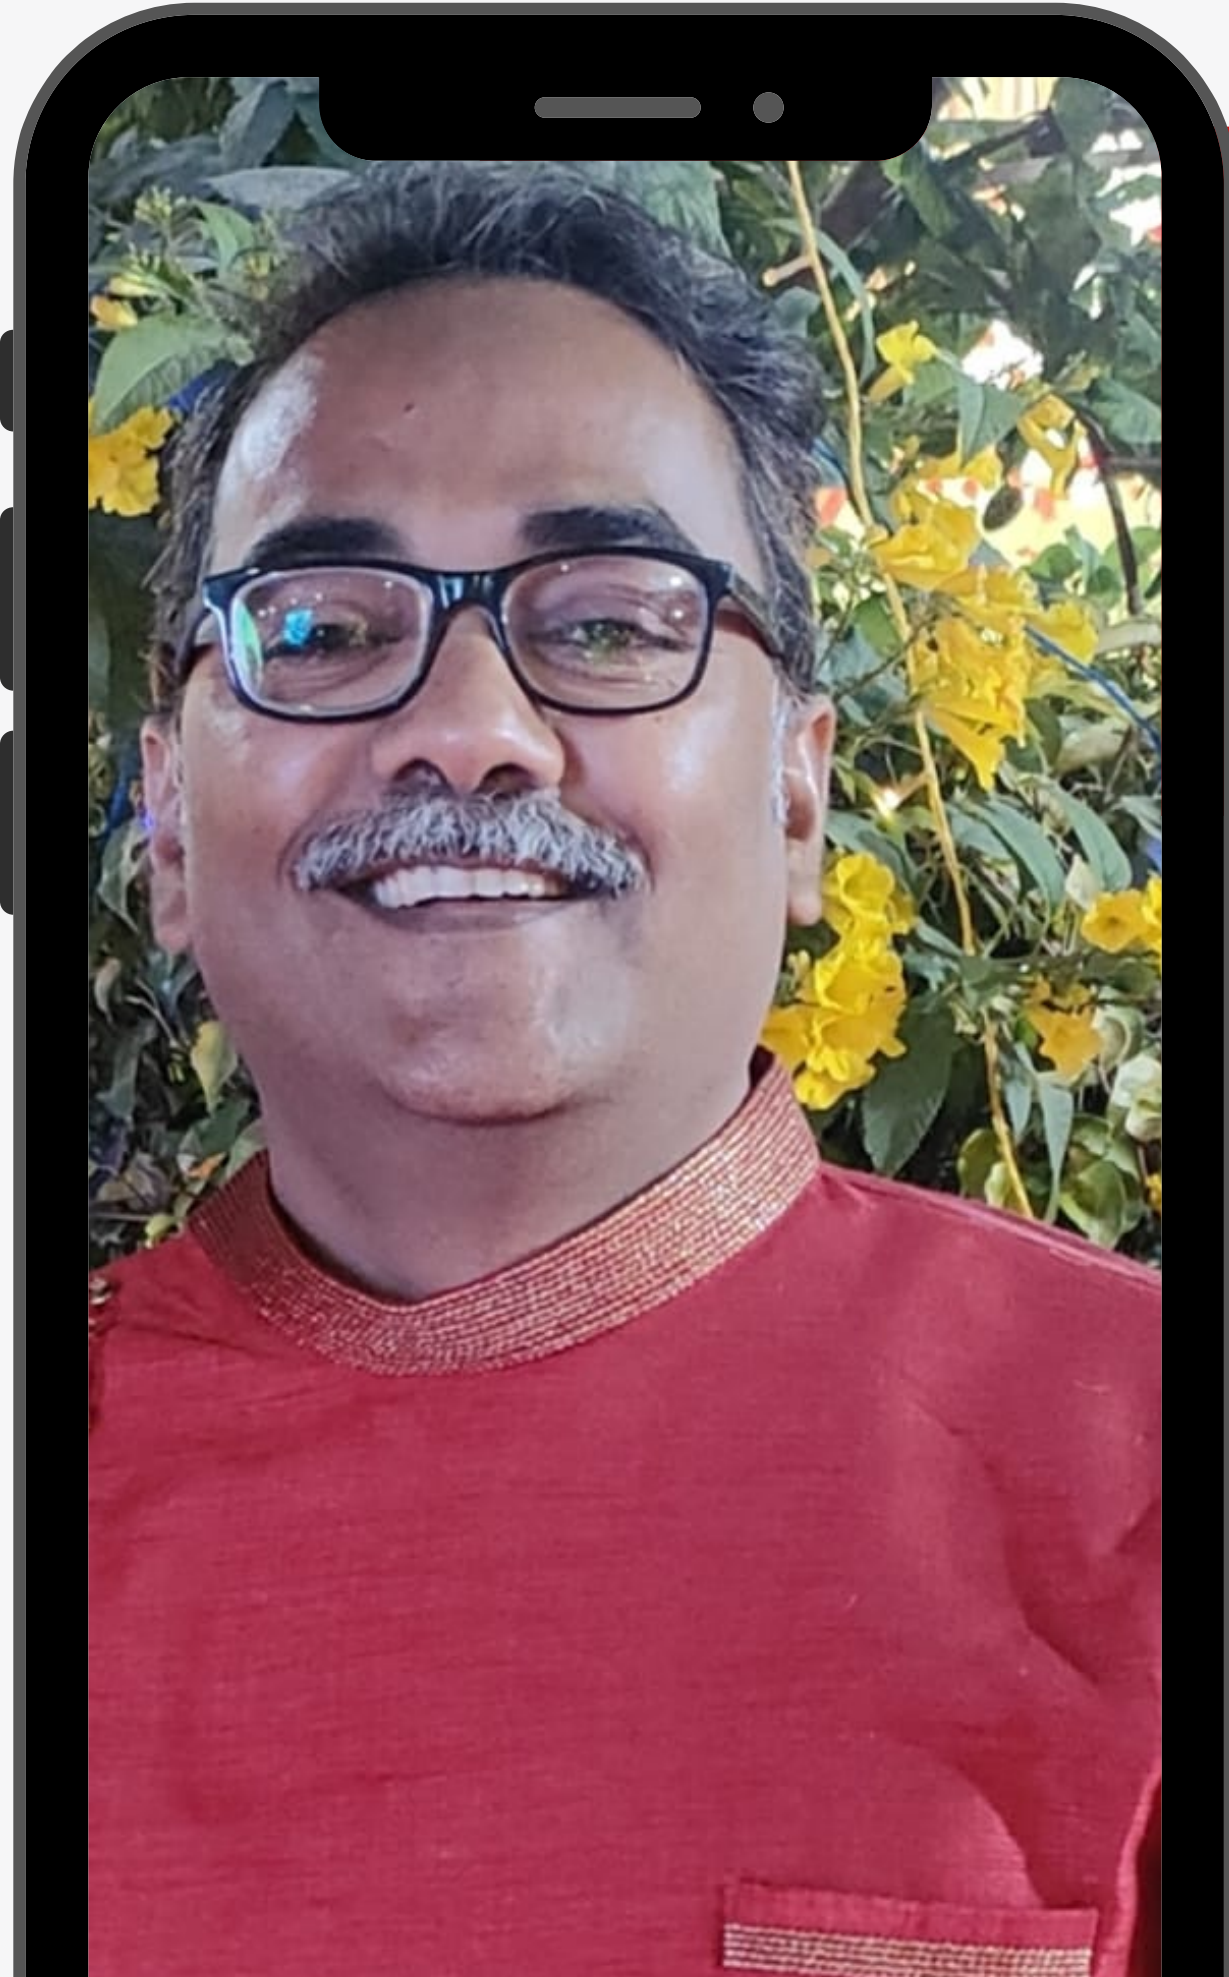

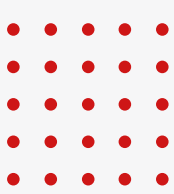

COMPLETE AUTOMATION SOLUTION

ABOUT COMPANY

Automation World 647 was established by Santosh Gupta in 2004 to give hassle-free and long-lasting fabrication and automation services. To explain our company's unique name, Mr. Santosh Gupta started this company with just ₹647 in his bank with a vision to improve the automation and fabrication industry with his knowledge. Our company started by making welded gates and steel products, with passing time and new opportunities, we have expanded our reach and now work in mass fabrication.

MEET THE FOUNDER

He has been in the fabrication industry since 1984, having over 40 years of experience. His fascination for always making better products led to an immense knowledge of materials, so we can easily provide turnkey solutions to all. He believes that every client deserves an all rounded solution and rightfully delivers that in every project. Having knowledge of diverse materials he works in any project with ease.

MR. SANTOSH GUPTA

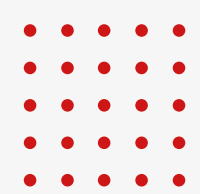

VISION AND MISSION

VISION

Automation World 647 aims to reach every household in India with its endless products and services, be it on a small scale or large scale, our plan always is to provide our customers the best service out there.

MISSION

In our industry there is a lack of proper after services resulting in customers dissatisfaction. We aspire to give our best to all customers from start to end. Our main objective is to get seamless results in every project.
