Safety

We pride ourselves on delivering a safe and fun experience for everyone who sails with us, that's why all boats have safety equipment onboard.

Before you set off, our crew will provide a full driving tutorial and safety briefing so you're ready for your adventure.

All passengers under 16 years of age must wear a buoyancy aid at all times. Buoyancy aids are available for adults if requested.

Keep to the right of the river and maintain a safe distance (at least two boat lengths) from other vessels.

Use common sense: the river is a busy place with paddleboards, kayaks, rowers, swimmers, small motorised boats and larger vessels. Please be alert at all times.

Remain onboard at all times. Do not attempt to get off the GoBoat at any time, except when instructed to do so by staff.
