WORKSHOPS**

Important Notes:

- Workshop should be selected at the time of booking the Birthday (late confirmations may result to possible change to what's available) as the materials need to be purchased prior.
- All kids for the party are subjected to one workshop. (One group is not able to do two different workshops at the same time)

BIRTHDAYS

WORKSHOPS

ARTS & CRAFTS

CRAFTY LEARNERS

BEADED DOLLS

4+

This activity promotes learning by encouraging children to use creativity and imagination in learning and play. They will be working on fine motor skills and hand strength while twisting and threading beads.

An introduction to 3D Doodling will captivate and sustain children's attention. This will also allow their creative minds to feel a sense of pride and build their self-esteem. Children will also be able to share their ideas in concrete and visual ways.

3D DOODLER

4+

MONDRIAN CANVAS PAINTING

3+

Children will be introduced to the basic fundamentals of art. They will explore six elements of art; line, color, texture, shape, value and form. It will help your child explore and develop their creative ability while allowing them to have an opportunity to use a variety of materials and experiment with ways of using them to create their own unique masterpieces inspired by the artist Piet Mondrian. This workshop is a fantastic way to introduce children to practical skills that will help them build their foundation of knowledge.

This workshop will help to develop children's creativity by creating a unique item to take home. It also encourages children to be innovative. Creativity will be enhanced while learning a new art technique and using a new medium. Children will also feel a sense of independence and ownership of their masterpiece. This activity also promotes hand strength and coordination in a fun way.

TIE DYE

4+

BIRTHDAYS

WORKSHOPS

SCIENCE & ENGINEERING

CURIOUS EXPLORERS

Children will be introduced to optical illusion and discover that perception can be fooled and will extend perception of persistence by creating an illusion of their own. They will use simple shapes, lines, grids and will be able to manipulate the patterns and repetition to create an illusion of depth. This workshop moreover introduces a combination of art, math, and science.

OPTICAL ILLUSIONS

4+

SLIME MAKING

4+

During this fun and exciting slime making workshop, children will learn about the chemical reactions that occur when making slime and will develop improved fine motor skills and sensory exploration through the hands-on experience of manipulating and playing with slime. The fluffy, squishy and stretchiness of slime is a guaranteed winner for kids and delights their sense of touch.

COOKING & BAKING

MINI CHEFS

CHEESECAKE IN A JAR

3+

In this workshop, children will be working with a set of ingredients and use them to individually make their dessert. The buttery graham cracker crust, thick and creamy cheesecake filling, and a delicious topping, all which is too hard to say no to.

Children will have a lot of fun with this fun and delicious activity where they will get a chance to explore their creativity and express themselves while decorating mini cakes. They will be able to practice different types of lines and patterns and work on their hand-eye coordination skills.

BIRTHDAYS WORKSHOPS

TODDLERS

 below 3 years

CANVAS PAINTING

Children will be able to produce creative works that demonstrate innovation in concepts, formal language and/or materials. It will also help recognize and evaluate basic elements of design (color, line, form, texture, rhythm, etc.).

A fun sensory messy play for the little ones to explore and learn through a variety of textures and experiences in this unstructured play. This workshop will allow your little ones to build, imagine, explore, observe, and investigate different objects.

MESSY PLAY

PLAYDOUGH SENSORY WORKSHOP

Play dough making is perfect for strengthening the muscles in little hands. While mixing the ingredients and molding the playdough, they are actually building up strength in their tiny hands. It's a fun way of easing tension, releasing extra energy, improving focus and concentration.

Hand print casting is a fun way to get children's little minds working and thinking. It is also a fun way for them to get their hands messy. Creating handprint crafts has always been something fun for the children to do. They will love using their hands to create something fun and colorful.

HAND PRINT CASTING
