SERVICE PLAN PLUS

With a Service Plan Plus, additional specified components are added to a Service Plan.

When the pre-set number of parts is utilised, the plan expires.

Where the Pre-set Parts have not been utilised within the duration of the ISUZU MOBILITY Service Plan Plus, the ISUZU MOBILITY Service Plan Plus will continue until 3 (three) months after the Plan's expiry date, for remaining parts to be utilised.

*Service plans do not include wear and tear or mechanical breakdowns or failures.

**Maintenance plans do not include driver style/driver error events.
