## ENVIRONMENTAL POLICY

Isuzu Motors South Africa (IMSAf), is an automotive assembler and distributor with its operations located within Nelson Mandela Municipality, in Port Elizabeth. Environmental is one of the key business imperatives in the business strategy as captured in the vision below:

***“We aspire to be a leader in the manufacture and supply of vehicles, exceeding customer expectations, building on our heritage and recognising the impact on our community and environment”.***

**The policy approved by the Managing Director entails key leadership commitments.**

**1) IMSAf commits to protection of the environment:**

- Improved efficiencies in use of natural resources for energy and water.
- Sourcing and use of environmentally friendly chemicals in its processes.
- Protection of biodiversity by maintaining the invasive species management project.
- Identify ways of reduction of carbon footprint by consolidation of waste shipments and operations.

**2) IMSAF commits to implement measures to prevent pollution:**

- Consideration of waste hierarchy for the sourcing of materials for production.
- Continuous improvement recycling/reuse opportunities.
- Maintaining landfill free status.
- Reducing impact on climate change resulting from painting processes.

**3) IMSAf commits to implement measures to meet its compliance obligations**

- Ensuring compliance obligations are identified, understood and evaluated annually.

**4) IMSAf commits to ensure continual improvement:**

- All objectives are reviewed by leadership regularly and countermeasures are tracked.
- Financial resources are allocated to address top 3 high ranking significant aspects.

**5) IMSAf commits to be cognisant of the communities around where all operations are located:**

- Participate in external engagement initiatives for its interested and affected parties.
- Train to improve awareness to key stakeholders (external and internal).

The policy will be communicated to interested and affected parties (public and employees).

**Billy Tom**

CEO & Managing Director,  
Isuzu Motors South Africa
