

# gizmo DOWNLIGHT

Gizmo Downlight fixtures come in two versions, one with Fixed position and one with Adjustable position. Both have interchangeable lenses.

## Safety Instructions

Please read the instructions carefully and save it for future reference

**Location.** IP20. Only for indoor use. Do not install in wet or damp locations. Do not install the fixture where exposed bare connectors can be shorted or contact any conductive/combustible materials. Keep combustible material away from the fixture and lens.

**Driver.** Constant current LED driver (Max 700 mA), please always refer to the label affixed to the luminaire for the recommended driver.

**Constant Current note.** Do not connect or disconnect fixtures under load.
