Blockout

Features & Benefits

Basque is a 3 Pass Blockout Coated fabric, preventing sunlight from entering the room so it stays dark. The thermal properties of this fabric mean the room stays cool in summer and warm in winter. Basque will also assist with noise reduction, lowering the amount of noise that enters the room. Basque also has a super soft acrylic coating, which allows the fabric to drape beautifully. It is 300cm continuous, ideal for high ceilings and large windows. Basque boasts 6 market specific colours that have been selected to accommodate for the majority of customer requirements.
