Care Code	11 Vacuum the curtains gently and on a regular basis to remove dust and debris. Begin by removing hooks, rings and trims. When spot cleaning, be sure to exercise caution and test-clean on a non-exposed surface. When washing silicone coated fabrics, use mild detergents such as wool mixes. Take care to prevent the coated sides from touching, by hanging curtains by their hooks. Do not use pegs or fold over a clothes line. Do not iron the coated side of the fabric, iron the fabric side only. Please take note that all fabrics may shrink by up to 3% after cleaning.

Texture and colour may vary slightly between different fabric rolls and samples.
