Our Mission

Our Mission

To raise the benchmark of excellence by creating, across India, commercial & residential landmarks that is at par with prestigious addresses across the globe and to achieve international quality standards through cutting-edge value engineering and intelligent resource management.

Our Vision

The company aspires to create a niche in the real estate space, looking beyond steel and concrete, to redefine life and lifestyle for its customers. We work hard to earn and retain the trust of our customers in the Real Estate industry, by providing real value-for-money lifestyles to the vast middle class strata of north India.

Director's Message

I would like to express our deep appreciation to all our clients who have trusted our services over the years, and helped SIPL become the successful company that it is today.

My primary goal for SIPL has been to take the lead in our industry in both customer service and quality of the property solutions which we offer. We have met this goal and strive to maintain a high level of client care through the support and encouragement we give our employees. By challenging their skills and feeding their passion for knowledge we have built an excellent team of real estate professionals.

This is our key advantage: a team of dedicated employees who take pride in their roles. Our clients recognize this and the added value it gives to our services.

As well as our customers, management and all employees, I would like to thank our Board of Directors, various business partners and the local communities for their support and continued involvement in our rapid climb to reach our goals and corporate mission and vision.
