

# Vaidic Srijan - Key Achievements, Certifications & Awards

## Key Achievements

- Successfully rejuvenated 60+ waterbodies across 13 Indian states using Cownomics® Technology.
- Pioneered eco-restoration projects at heritage sites such as Lahartara Lake (Varanasi) and Barabati Fort Moat (Odisha).
- Developed the unique Cownomics® framework blending traditional Vedic knowledge with modern sustainability science.
- Created replicable models for urban and rural waterbody rejuvenation, inspiring nationwide adoption.

## Certifications

- Recognized under Startup India Initiative for innovation in ecological restoration.
- Registered with MSME (Government of India) as a sustainable solutions provider.
- Certified training provider for government institutions like NIDM and IIPA.

## Awards & Recognition

- Honored by IITs and IISc for conducting expert sessions on eco-restoration.
- Acknowledged by NEERI and CPCB for sustainable water management contributions.
- Recognized at international forums for impactful nature-based climate solutions.

These achievements reflect Vaidic Srijan's unwavering commitment to sustainability, innovation, and community-driven impact.
