RAINBOW PAPAYAS**

FROM HAWAII PAPAYA  
INDUSTRY ASSOCIATION

10 winners this month will receive a box of  
papayas delivered to their home.\*

## **Best Tasting Papaya in the World**

Maybe it's our tropical climate, or our clean air and water, or maybe it's our rich volcanic soils – no matter the reason, Hawaii grows the best tasting papaya in the world.

## **Vitamin-Rich Superfood**

Ranked one of the top five healthiest fruits, papayas are low in fat and a good source of fiber. They are an excellent source of Vitamins C and E and beta-carotene, three strong antioxidants. Papayas are also a great source of calcium, potassium and Vitamins A and B. On top of that, papayas are rich in enzymes that stimulate stomach secretions and aid digestion as they contain protein-digesting enzymes like papain and chymopapain.

## **Proud to Grow GMO Papayas**

Long before GMO's became controversial, biotechnology was used to "inoculate" papaya trees against PRV, a plant virus that nearly destroyed the papaya industry in Hawaii. For two decades, consumers have enjoyed more than 260 million pounds of Rainbow Papaya safely and happily.
