SISAM[®]
WALL & VITRIFIED

ELEVATION TILES

Wall tiles are an essential element in interior design, offering both aesthetic appeal and practical benefits. Available in a variety of materials such as ceramic, porcelain, and glass, they come in numerous colors, patterns, and finishes. Ceramic tiles are durable and versatile, making them ideal for kitchens and bathrooms, while porcelain tiles are highly durable and water-resistant, perfect for high-moisture areas. Together, these options allow homeowners to transform any space, from kitchens and bathrooms to living rooms and hallways.
