

ideapad FLEX 3i (11")

BRING YOUR IDEAS TO LIFE.

When inspiration strikes, turn to the powerful yet light Lenovo™ **IdeaPad™** Flex 3i. It has an all-day battery and you can use it as a laptop, tablet, and more. For extra privacy, it even has a physical shutter for the webcam.

WHY YOU SHOULD BUY THE LENOVO IDEAPAD FLEX 3i (11")

Fanless design

Built to provide power and comfort with a fanless design giving a near soundless experience so that the everyday noise is just that much less.

Privacy at your fingertips

A quick switch on the webcam to keep your private things, private when it matters.

Rapid charge boost

Rapid Charge Boost keeps on-the-go and gets you backup and running faster with 2 hours of use for just 15 min. charging time.

Clean and simple design

The **IdeaPad** Flex 3i is designed for you to keep your ideas flowing, with the ability to multi-mode your laptop and use it in 'Laptop' mode for everyday computing, 'Tent' mode for sharing things, 'Stand' mode for binge-watching, or 'Tablet' mode for more intuitive interaction.

Lenovo™

GET PERFORMANCE AND PORTABILITY WITH AN INTEL®-BASED LAPTOP THAT'S JUST RIGHT FOR YOU.

Get outstanding performance for work and play from a laptop powered by Intel®. With an Intel® Pentium® processor in your laptop, you can effortlessly multitask with multi-screen capabilities, communicate easily with friends and family, and take all your favorite entertainment to go.

- McAfee LiveSafe™
- Microsoft Office
- Lenovo Utility
- Lenovo Vantage
- Mirkat

¹ Only for Intel® Gemini Lake Refresh.

² All battery life claims are approximate and based on two methods of testing: MobileMark® 2014 battery life benchmark and continuous 1080p video playback on the latest update of Windows 10 (with 150 nits brightness and default volume level). Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use.

³ Not all configurations will allow for these I/O ports.

⁴ The actual transfer speed of the USB 3.1 Gen 1 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, will be slower than a speed of 5 Gbit/s.

LENOVO SERVICES

Warranty Upgrades - On-site / In-Home Service

Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

Accidental Damage Protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

Warranty Extensions

(1-to-3 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
