

ANTIBACTERIAL SOAP

An odourless, moisturising soap.
Suitable for use in food environments.

USES

Antibacterial Soap is a high active, hygienic, perfume-free hand soap and skin cleanser with a controlled foam level.

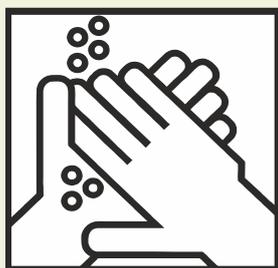

A thick, clear, blue liquid made from high quality surfactants and emollients, *Antibacterial Soap* is odourless and taint-free.

Particularly suitable for use in establishments where hand hygiene is a priority, e.g. care homes, clinics, etc. As a non-tainting and odourless product, *Antibacterial Soap* is also ideal for use in food environments.

DIRECTIONS

Apply *Antibacterial Soap* to wet hands. Rub into the skin, ensuring contact with the entire surface of the hand and wrist. Ensure that you interlace the fingers to clean these areas and use a clean nail brush to clean under the fingernails. Rinse away with clean water and dry hands thoroughly.

N.B. DO NOT MIX WITH OTHER HAND SOAPS
