

MERCURY RDS2250 SHREDDER EU

Overview

Protect your confidential and valuable information from being stolen by shredding any documents that may put your business at risk from identity fraud. The Rexel Mercury RDS2250 departmental shredder is perfect for a small office of 1-10 users and has a S2 security level which means that it shreds paper into strip cut particles (sized 5.8mm) making it ideal for everyday shredding.

Paper jams in a shredder are time consuming, frustrating, messy and can be costly. With the RDS2250 shredder, paper jams are a thing of the past. Featuring the revolutionary Mercury jam free technology, the RDS2250 has a unique brightly lit indicator next to the paper entry feeder that warns you whether you are trying to feed too much paper into the shredder in one go. A red light indicates too much paper and the green light means there is no risk of jamming.

The RDS2250 is an ultra quiet, general use shredder that can shred up to 23 sheets of 70gsm paper in a continuous single feed as well as CD's, credit cards, paperclips and staples. Specifically designed for regular shredding, it features a pull out frame for 50 litre waste sacks that holds up to 400 sheets of 70gsm paper. The front opening waste compartment enables simple and mess free emptying and the shredder cuts off automatically when the sack is full. The RDS2250 goes into power saving mode after 2 minutes of non use which reduces any unnecessary power usage making it an ideal choice for the environmentally friendly office. With a clear, easy to use LED control panel, castors for easy manoeuvring around the office and storage pockets inside the door for waste sacks and oil sheets, the stylish RDS2250 is a practical choice for a busy office environment.

Weighing 33.6kg and sized at 676(H) x 480(W) x 370(D)mm, the RDS2250 comes with the extra peace of mind of a 2 year warranty, an extended warranty on the cutters plus it is

Also shreddes CDs and Credit Cards
