## 7. HANDLING AND STORAGE

|                 |                                                                                                                                                               |
|-----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Handling</b> | Take care when dispensing product. Do not inhale and avoid contact with eyes and prolonged skin contact as drying may occur. Do not mix with other chemicals. |
| <b>Storage</b>  | Store in original containers at room temperature in dry area out of the reach of children.                                                                    |

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

|                               |     |
|-------------------------------|-----|
| <b>Respiratory Protection</b> | N/A |
| <b>Hand Protection</b>        | N/A |
| <b>Eye Protection</b>         | N/A |
| <b>Skin Protection</b>        | N/A |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

|                   |                     |                          |              |
|-------------------|---------------------|--------------------------|--------------|
| <b>Appearance</b> | Bar soap.           | <b>Flash Point (ACC)</b> | >500 Celsius |
| <b>Odour</b>      | Pleasant Fragrance. | <b>Viscosity (20C)</b>   | Solid.       |
| <b>pH</b>         | 10-11               | <b>Water Solubility</b>  | Soluble.     |

## 10. STABILITY AND REACTIVITY

|                                         |                             |
|-----------------------------------------|-----------------------------|
| <b>Conditions to avoid</b>              | Avoid extreme heat or cold. |
| <b>Materials to avoid</b>               | N/A                         |
| <b>Hazardous decomposition products</b> | None known.                 |

## 11. TOXICOLOGICAL INFORMATION:

This product is formulated from cosmetic grade ingredients and is intended for application to the skin. If you are allergic to any of its ingredients do not use this product. If any allergic reactions are suffered, discontinue use of this product immediately and seek medical advice.

|                     |                                                                                                                                 |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------|
| <b>Swallowing:</b>  | Internal irritation likely, may cause vomiting. If large quantities are ingested treat symptomatically. Do not induce vomiting. |
| <b>Inhalation</b>   | Irritation likely. Blow out and flush nose with water.                                                                          |
| <b>Skin Contact</b> | Prolonged exposure may cause skin dryness and cracking.                                                                         |
| <b>Eye Contact</b>  | Irritation likely. Immediately flush with water.                                                                                |

## 12. ECOLOGICAL INFORMATION

|                                  |                                                  |
|----------------------------------|--------------------------------------------------|
| <b>Degradability</b>             | Biodegradable ingredients excluding 1.5% parfum. |
| <b>Bioaccumulation Potential</b> | Not known.                                       |
| <b>Aquatic Toxicity</b>          | Not likely to be toxic if well diluted.          |
