

HEAVY DUTY GEL OVEN CLEANER

- Oven/food plant cleaner
- Powerful - removes severe grease, grime and carbon
- Active gel - clings to surfaces for maximum action
- Solvent free

USES

A heavy duty, clear liquid gel designed for the rapid removal of grease and charred food debris.

A powerful liquid gel, which penetrates, emulsifies and dissolves severe soiling. *Heavy Duty Gel Oven Cleaner* is based on 20% Sodium Hydroxide to ensure rapid action.

Ideal to rapidly remove charred food debris, dried bloods, fats and grease from a range of surfaces, including; ovens, deep fat fryers, extraction hoods and filters, grills, skillets, waffle bakers and equipment.

Recommended for use in all kitchens and food plants to clean heavily soiled equipment.

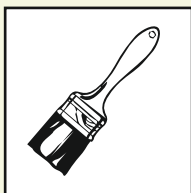

DIRECTIONS

OVEN/EQUIPMENT CLEANING: Always wear rubber gloves and safety glasses during use. The oven or equipment should be turned off, and be no hotter than 40°C.

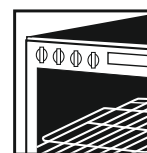

Use *Heavy Duty Gel Oven Cleaner* undiluted. Apply a thick, even layer to the surface using a brush, sponge or cloth. Depending on the level of soil, allow between 5-30 minutes contact time. Agitate using an abrasive cloth and rinse thoroughly with clear water.

N.B. Do not use on aluminium, Zinc or other alkali-sensitive surfaces.

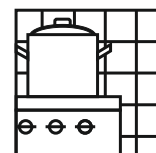

DRAINS: Pour 50ml-100ml *Heavy Duty Gel Oven Cleaner* down kitchen drains on a daily basis to keep them sweet smelling and prevent build-up of fat and grease.
