RELIANCE MEDICAL

'Leading First Aid'

Section 4 - First Aid Measures

In case of ingestion, wash out mouth with water. Seek medical advice if any symptoms are evident.
In case of eye contact, rinse immediately with plenty of water and seek medical advice.
In case of case of inhalation, remove victim from source of exposure to fresh air. Keep warm. If any discomfort persists seek medical advice.

Section 5 - Fire Fighting Measures (for bulk quantity)

Fumes containing carbon dioxide and carbon monoxide may be given off in large fires.
To extinguish fire, use foam, dry powder or water spray.
Self contained breathing apparatus and full protective clothing must be worn.

Section 6 - Accidental Release Measures (for bulk quantity)

Contain spillage in suitable container(s) for examination and possible return to stock.
Unless packaging is broken, no eye/skin protection should be required.
If packaging is broken and continuous handling necessary, then approved eye protection must be worn and gloves/protective clothing are recommended.
If disposal is required, local/national regulations/guidelines should be adhered to. Product must be disposed of as Hazardous Waste.

Section 7 - Handling and Storage

When handling unpackaged bulk product, eye protection must be worn. Gloves and protective clothing are also advised especially for extended handling.
Product should be stored at ambient temperatures in a dry environment away from heat, flames and strong oxidising agent.

Section 8 - Exposure Controls/Personal Protection (for bulk quantity)

Isopropyl Alcohol OES 400ppm LT; 500ppm ST.

If product packaging is undamaged then no special personal protective equipment should be required other than those applied as best practice or specified by local working regulations.
If packaging is broken and continuous handling necessary, then approved eye protection is essential and gloves/protective clothing is recommended.
