The Teksto range is made around ecological values, materials of plant origin or recycled but sustainable with a trendy textile effect. Teksto is the organisational solution for the future in a zero plastic world.

The cover of this elasticated 3 flap folder is made from certified card, coated with vegetable oil to enhance its resistance to stains and water... This folder is therefore as practical as a plastic folder.

Not printed, the card is tinted with controlled pigments and has a very trendy textile finish. It is made in France and FSC® certified.

Maxi capacity folder, with a one piece design so the flaps are integral with the body of the folder. Thus, it can hold A4 maxi documents - 24x32cm, with a capacity equivalent to a 35mm spine filing box

Perfect for daily and intensive use, professional, school or home, with a trendy look, it has a spine label for easy identification of

the contents.
