

URINE NEUTRALISER

Combat unwanted odours by neutralising the odour molecule, particularly effective against urine odours.

USES

URINE NEUTRALISER is an odour destroyer, formulated for use on virtually all surfaces.

URINE NEUTRALISER is a colourless, odourless, low viscosity liquid which is easy to use. URINE NEUTRALISER combats unwanted odours by neutralising the odour molecule, and is particularly effective against urine odours.

The product may be used on any surface that is water tolerant, including carpets, mattresses, chairs, hard surfaces, waste bins and chutes, etc.

URINE NEUTRALISER is an ideal product for use in care homes, hospitals, hotels, taxis, coaches, etc.

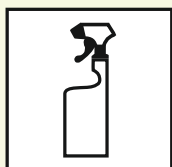

DIRECTIONS

URINE NEUTRALISER is supplied in a ready-to-use formulation, so no dilution is required.

Remove the gross contamination prior to treatment with URINE NEUTRALISER. Thoroughly wet the area with URINE NEUTRALISER, allow to dry onto fabric and wipe other surfaces dry.
N.B. always test on a small unobtrusive area before use.

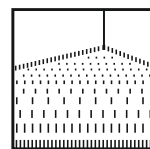

TREATING URINE SPILLS:

FRESH: Urine that has soaked into fabric should be immediately blotted up with paper or cloth. Then wet the area thoroughly with URINE NEUTRALISER and blot this up with paper or cloth. This quick action will prevent odours.

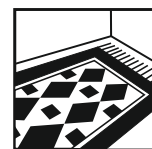

AGED: Urine spills should first be removed from the carpet using a hot water extraction machine and carpet cleaning liquid. Then wet the area with URINE NEUTRALISER and extract any excess liquid. Allow the carpet to dry.

AREAS OF USE

Carpets

Rugs

DILUTIONS

Do not dilute this product.
