Under the ADR Limited Quantities Rule, our extinguishers are not considered dangerous goods on UK roads.

SP594 (chapter 3.3), this states “The following articles, manufactured and filled according to the provisions applied in the country of manufacture are not subject to ADR.

UN 1044 fire extinguishers provided with protection against inadvertent discharge and packed in a strong outer package.”

Our extinguishers are therefore able to travel on a normal pallet/courier network within the UK and the driver does not need to be ADR Aware.
