Safescan RS-100 Removable banknote stacker

Count, collect and store your banknotes

Process your banknotes with total ease. Simply attach the Safescan RS-100 to your counterfeit detector to collect all verified notes. You can even turn your Safescan 155-S into a mini banknote counter by activating the add function. Not only will the Safescan 155-S show you the total number and value of verified notes, the Safescan RS-100 will also collect and store the notes until you are ready to process them.

- Removable banknote stacker that collects verified banknotes
- Can collect and store up to 10 banknotes
- Can easily be attached and removed from the back of the counterfeit detector
- Maintains the small footprint and space-saving design of the counterfeit detector
- Suitable for the Safescan 155-S
- The Safescan RS-100 is exclusively designed for the Safescan 155-S (G2) models with the following part numbers: 112-0668, 112-0691, 112-0692, 112-0693, 112-0694
