

**Suma Drain GTS Plus**

Revision: 2017-09-09

Version: 04.1

**SECTION 1: Identification of the substance/mixture and of the company/undertaking**

**1.1 Product identifier**

Trade name: Suma Drain GTS Plus

**1.2 Relevant identified uses of the substance or mixture and uses advised against**

**Identified uses:**

For professional use only.

AISE-P607 - Drain cleaner. Manual process

**Uses advised against:** Uses other than those identified are not recommended

**1.3 Details of the supplier of the safety data sheet**

**Contact details**

Diversey Ltd

Weston Favell Centre, Northampton NN3 8PD, United Kingdom

Tel: 01604 405311, Fax: 01604 406809

Regulatory Email: customerservice.uk@diversey.com

**1.4 Emergency telephone number**

For medical or environmental emergency only:

call 0800 052 0185

**SECTION 2: Hazards identification**

**2.1 Classification of the substance or mixture**

Not classified as hazardous

**2.2 Label elements**

Contains EUH208: 1,2-benzisothiazol-3(2H)-one (Benzisothiazolinone)

**Hazard statements:**

EUH208 - May produce an allergic reaction.

EUH210 - Safety data sheet available on request.

**2.3 Other hazards**

No other hazards known

The product does not meet the criteria for PBT or vPvB in accordance with Regulation (EC) No 1907/2006, Annex XIII

**SECTION 3: Composition/information on ingredients**

**3.2 Mixtures**

| Ingredient(s)                     | EC number | CAS number | REACH number      | Classification  | Notes | Weight percent |
|-----------------------------------|-----------|------------|-------------------|---|-------|----------------|
| sodium nitrate                    | 231-554-3 | 7631-99-4  | No data available | Ox. Sol. 2 (H272)<br>Acute Tox. 4 (H302)<br>Eye Irrit. 2 (H319)   |       | 3-10           |
| sodium dodecylbenzenesulphonate   | 246-680-4 | 25155-30-0 | 01-2119489428-22  | Acute Tox. 4 (H302)<br>Skin Irrit. 2 (H315)<br>Eye Dam. 1 (H318)  |       | 1-3            |
| diammonium hydrogenorthophosphate | 231-987-8 | 7783-28-0  | No data available | STOT SE 3 (H335)<br>Skin Irrit. 2 (H315)<br>Eye Irrit. 2 (H319)   |       | 1-3            |
| 1,2-benzisothiazol-3(2H)-one      | 220-120-9 | 2634-33-5  | No data available | Acute Tox. 4 (H302)<br>Skin Irrit. 2 (H315)<br>Eye Dam. 1 (H318)<br>Skin Sens. 1 (H317)<br>Aquatic Acute 1 (H400) |       | 0.01-0.1       |

\* Polymer.

For the full text of the H and EUH phrases mentioned in this Section, see Section 16.

Workplace exposure limit(s), if available, are listed in subsection 8.1.

[1] Exempted: ionic mixture. See Regulation (EC) No 1907/2006, Annex V, paragraph 3 and 4. This salt is potentially present, based on calculation, and included for classification and labelling purposes only. Each starting material of the ionic mixture is registered, as required.

[2] Exempted: included in Annex IV of Regulation (EC) No 1907/2006.

[3] Exempted: Annex V of Regulation (EC) No 1907/2006.

[4] Exempted: polymer. See Article 2(9) of Regulation (EC) No 1907/2006.

## Suma Drain GTS Plus

**SECTION 4: First aid measures****4.1 Description of first aid measures**

|  |  |
|--|--|
| <b>Inhalation:</b>                     | Get medical attention or advice if you feel unwell.  |
| <b>Skin contact:</b>                   | Wash skin with plenty of lukewarm, gently flowing water. If skin irritation occurs: Get medical advice or attention. |
| <b>Eye contact:</b>                    | Rinse cautiously with water for several minutes. If irritation occurs and persists, get medical attention.           |
| <b>Ingestion:</b>                      | Rinse mouth. Immediately drink 1 glass of water. Get medical attention or advice if you feel unwell.                 |
| <b>Self-protection of first aider:</b> | Consider personal protective equipment as indicated in subsection 8.2.   |

**4.2 Most important symptoms and effects, both acute and delayed**

|                      |   |
|----------------------|---|
| <b>Inhalation:</b>   | No known effects or symptoms in normal use. |
| <b>Skin contact:</b> | No known effects or symptoms in normal use. |
| <b>Eye contact:</b>  | No known effects or symptoms in normal use. |
| <b>Ingestion:</b>    | No known effects or symptoms in normal use. |

**4.3 Indication of any immediate medical attention and special treatment needed**

No information available on clinical testing and medical monitoring. Specific toxicological information on substances, if available, can be found in section 11.

**SECTION 5: Firefighting measures****5.1 Extinguishing media**

Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant foam.

**5.2 Special hazards arising from the substance or mixture**

No special hazards known.

**5.3 Advice for firefighters**

As in any fire, wear self contained breathing apparatus and suitable protective clothing including gloves and eye/face protection.

**SECTION 6: Accidental release measures****6.1 Personal precautions, protective equipment and emergency procedures**

No special measures required.

**6.2 Environmental precautions**

Do not allow to enter drainage system, surface or ground water. Dilute with plenty of water.

**6.3 Methods and material for containment and cleaning up**

Absorb with liquid-binding material (sand, diatomite, universal binders, sawdust).

**6.4 Reference to other sections**

For personal protective equipment see subsection 8.2. For disposal considerations see section 13.

**SECTION 7: Handling and storage****7.1 Precautions for safe handling****Measures to prevent fire and explosions:**

No special precautions required.

**Measures required to protect the environment:**

For environmental exposure controls see subsection 8.2.

**Advices on general occupational hygiene:**

Handle in accordance with good industrial hygiene and safety practice. Keep away from food, drink and animal feeding stuffs. Do not mix with other products unless advised by Diversey. Wash hands before breaks and at the end of workday. Wash face, hands and any exposed skin thoroughly after handling. Take off immediately all contaminated clothing. Use personal protective equipment as required. Use only with adequate ventilation.

**7.2 Conditions for safe storage, including any incompatibilities**

Store in accordance with local and national regulations. Keep only in original container. Store in a closed container. For conditions to avoid see subsection 10.4. For incompatible materials see subsection 10.5.

**7.3 Specific end use(s)**

No specific advice for end use available.

**SECTION 8: Exposure controls/personal protection**

## 8.1 Control parameters

### Workplace exposure limits

Air limit values, if available:

Biological limit values, if available:

Recommended monitoring procedures, if available:

Additional exposure limits under the conditions of use, if available:

### DNEL/DMEL and PNEC values

#### Human exposure

DNEL oral exposure - Consumer (mg/kg bw)

| Ingredient(s)                     | Short term - Local effects | Short term - Systemic effects | Long term - Local effects | Long term - Systemic effects |
|-----------------------------------|----------------------------|-------------------------------|---------------------------|------------------------------|
| sodium nitrate                    | No data available          | No data available             | No data available         | No data available            |
| sodium dodecylbenzenesulphonate   | No data available          | No data available             | No data available         | No data available            |
| diammonium hydrogenorthophosphate | No data available          | No data available             | No data available         | No data available            |
| 1,2-benzisothiazol-3(2H)-one      | -                          | -                             | -                         | -                            |

DNEL dermal exposure - Worker

| Ingredient(s)                     | Short term - Local effects | Short term - Systemic effects (mg/kg bw) | Long term - Local effects | Long term - Systemic effects (mg/kg bw) |
|-----------------------------------|----------------------------|--|---------------------------|---|
| sodium nitrate                    | No data available          | No data available                        | No data available         | No data available                       |
| sodium dodecylbenzenesulphonate   | No data available          | No data available                        | No data available         | No data available                       |
| diammonium hydrogenorthophosphate | No data available          | No data available                        | No data available         | No data available                       |
| 1,2-benzisothiazol-3(2H)-one      | -                          | -  | -                         | -                                       |

DNEL dermal exposure - Consumer

| Ingredient(s)                     | Short term - Local effects | Short term - Systemic effects (mg/kg bw) | Long term - Local effects | Long term - Systemic effects (mg/kg bw) |
|-----------------------------------|----------------------------|--|---------------------------|---|
| sodium nitrate                    | No data available          | No data available                        | No data available         | No data available                       |
| sodium dodecylbenzenesulphonate   | No data available          | No data available                        | No data available         | No data available                       |
| diammonium hydrogenorthophosphate | No data available          | No data available                        | No data available         | No data available                       |
| 1,2-benzisothiazol-3(2H)-one      | -                          | -  | -                         | -                                       |

DNEL inhalatory exposure - Worker (mg/m<sup>3</sup>)

| Ingredient(s)                     | Short term - Local effects | Short term - Systemic effects | Long term - Local effects | Long term - Systemic effects |
|-----------------------------------|----------------------------|-------------------------------|---------------------------|------------------------------|
| sodium nitrate                    | No data available          | No data available             | No data available         | No data available            |
| sodium dodecylbenzenesulphonate   | No data available          | No data available             | No data available         | No data available            |
| diammonium hydrogenorthophosphate | No data available          | No data available             | No data available         | No data available            |
| 1,2-benzisothiazol-3(2H)-one      | -                          | -                             | -                         | -                            |

DNEL inhalatory exposure - Consumer (mg/m<sup>3</sup>)

| Ingredient(s)                     | Short term - Local effects | Short term - Systemic effects | Long term - Local effects | Long term - Systemic effects |
|-----------------------------------|----------------------------|-------------------------------|---------------------------|------------------------------|
| sodium nitrate                    | No data available          | No data available             | No data available         | No data available            |
| sodium dodecylbenzenesulphonate   | No data available          | No data available             | No data available         | No data available            |

| 1,2-benzisothiazol-3(2H)-one      | -                          | -                             | -                         | -                            |

### Environmental exposure

Environmental exposure - PNEC

| Ingredient(s)                     | Surface water, fresh (mg/l) | Surface water, marine (mg/l) | Intermittent (mg/l) | Sewage treatment plant (mg/l) |
|-----------------------------------|-----------------------------|------------------------------|---------------------|-------------------------------|
| sodium nitrate                    | No data available           | No data available            | No data available   | No data available             |
| sodium dodecylbenzenesulphonate   | No data available           | No data available            | No data available   | No data available             |
| diammonium hydrogenorthophosphate | No data available           | No data available            | No data available   | No data available             |
| 1,2-benzisothiazol-3(2H)-one      | -                           | -                            | -                   | -                             |

Environmental exposure - PNEC, continued

| Ingredient(s)                     | Sediment, freshwater (mg/kg) | Sediment, marine (mg/kg) | Soil (mg/kg)      | Air (mg/m <sup>3</sup> ) |
|-----------------------------------|------------------------------|--------------------------|-------------------|--------------------------|
| sodium nitrate                    | No data available            | No data available        | No data available | No data available        |
| sodium dodecylbenzenesulphonate   | No data available            | No data available        | No data available | No data available        |
| diammonium hydrogenorthophosphate | No data available            | No data available        | No data available | No data available        |
| 1,2-benzisothiazol-3(2H)-one      | -                            | -                        | -                 | -                        |

## 8.2 Exposure controls

The following information applies for the uses indicated in subsection 1.2 of the Safety Data Sheet. If available, please refer to the product information sheet for application and handling instructions.

## Suma Drain GTS Plus

Normal use conditions are assumed for this section.

Recommended safety measures for handling the undiluted product:

Covering activities such as filling and transfer of product to application equipment, flasks or buckets

**Appropriate engineering controls:** No special requirements under normal use conditions.  
**Appropriate organisational controls:** Avoid direct contact and/or splashes where possible. Train personnel.

**Personal protective equipment**

**Eye / face protection:** Safety glasses are not normally required. However, their use is recommended in those cases where splashes may occur when handling the product (EN 166).

**Hand protection:** No special requirements under normal use conditions.

**Body protection:** No special requirements under normal use conditions.

**Respiratory protection:** No special requirements under normal use conditions.

**Environmental exposure controls:** No special requirements under normal use conditions.

Recommended safety measures for handling the diluted product:

**Recommended maximum concentration (%):** 0.12

**Appropriate engineering controls:** No special requirements under normal use conditions.

**Appropriate organisational controls:** No special requirements under normal use conditions.

**Personal protective equipment**

**Eye / face protection:** No special requirements under normal use conditions.

**Hand protection:** No special requirements under normal use conditions.

**Body protection:** No special requirements under normal use conditions.

**Respiratory protection:** No special requirements under normal use conditions.

**Environmental exposure controls:** No special requirements under normal use conditions.

## SECTION 9: Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

Information in this section refers to the product, unless it is specifically stated that substance data is listed

|   | Method / remark                                |
|---|--|
| <b>Physical State:</b> Liquid                                       |  |
| <b>Colour:</b> Milky, White   |  |
| <b>Odour:</b> Product specific                                      |  |
| <b>Odour threshold:</b> Not applicable                              |  |
| <b>pH:</b> ≈ 9 (neat)   |  |
| <b>Melting point/freezing point (°C):</b> Not determined            | Not relevant to classification of this product |
| <b>Initial boiling point and boiling range (°C):</b> Not determined |  |

Substance data, boiling point

| Ingredient(s)                     | Value (°C)        | Method | Atmospheric pressure (hPa) |
|-----------------------------------|-------------------|--------|----------------------------|
| sodium nitrate                    | No data available |        |                            |
| sodium dodecylbenzenesulphonate   | No data available |        |                            |
| diammonium hydrogenorthophosphate | No data available |        |                            |
| 1,2-benzisothiazol-3(2H)-one      | No data available |        |                            |

Method / remark

**Flash point (°C):** Not applicable.  
**Sustained combustion:** Not applicable.  
 ( UN Manual of Tests and Criteria, section 32, L.2 )  
**Evaporation rate:** Not determined  
**Flammability (solid, gas):** Not determined  
**Upper/lower flammability limit (%):** Not determined

Substance data, flammability or explosive limits, if available:

Method / remark

**Vapour pressure:** Not determined

Substance data, vapour pressure

| Ingredient(s)                     | Value (Pa)        | Method | Temperature (°C) |
|-----------------------------------|-------------------|--------|------------------|
| sodium nitrate                    | No data available |        |                  |
| sodium dodecylbenzenesulphonate   | No data available |        |                  |
| diammonium hydrogenorthophosphate | No data available |        |                  |

## Suma Drain GTS Plus

|                              |                   |  |  |
|------------------------------|-------------------|--|--|
| 1,2-benzisothiazol-3(2H)-one | No data available |  |  |
|------------------------------|-------------------|--|--|

## Method / remark

**Vapour density:** Not determined

**Relative density:**  $\approx 1.06$  (20 °C)

**Solubility in / Miscibility with Water:** Fully miscible

Substance data, solubility in water

| Ingredient(s)                     | Value (g/l)       | Method | Temperature (°C) |
|-----------------------------------|-------------------|--------|------------------|
| sodium nitrate                    | No data available |        |                  |
| sodium dodecylbenzenesulphonate   | No data available |        |                  |
| diammonium hydrogenorthophosphate | No data available |        |                  |
| 1,2-benzisothiazol-3(2H)-one      | No data available |        |                  |

Substance data, partition coefficient n-octanol/water (log Kow): see subsection 12.3

## Method / remark

**Autoignition temperature:** Not determined

**Decomposition temperature:** Not applicable.

**Viscosity:** Not determined

**Explosive properties:** Not explosive.

**Oxidising properties:** Not oxidising.

### 9.2 Other information

**Surface tension (N/m):** Not determined

**Corrosion to metals:** Not corrosive

Not relevant to classification of this product

Substance data, dissociation constant, if available:

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

No reactivity hazards known under normal storage and use conditions.

### 10.2 Chemical stability

Stable under normal storage and use conditions.

### 10.3 Possibility of hazardous reactions

No hazardous reactions known under normal storage and use conditions.

### 10.4 Conditions to avoid

None known under normal storage and use conditions.

### 10.5 Incompatible materials

None known under normal use conditions.

### 10.6 Hazardous decomposition products

None known under normal storage and use conditions.

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

Mixture data:

#### Relevant calculated ATE(s):

ATE - Oral (mg/kg): >2000

#### Eye irritation and corrosivity

**Result:** Not corrosive or irritant

Substance data, where relevant and available, are listed below:

#### Acute toxicity

Acute oral toxicity

| Ingredient(s)                     | Endpoint | Value (mg/kg)     | Species | Method | Exposure time (h) |
|-----------------------------------|----------|-------------------|---------|--------|-------------------|
| sodium nitrate                    |          | No data available |         |        |                   |
| sodium dodecylbenzenesulphonate   |          | No data available |         |        |                   |
| diammonium hydrogenorthophosphate |          | No data available |         |        |                   |

## Suma Drain GTS Plus

|                              |                  |        |     |  |
|------------------------------|------------------|--------|-----|--|
| 1,2-benzisothiazol-3(2H)-one | LD <sub>50</sub> | > 2000 | Rat |  |
|------------------------------|------------------|--------|-----|--|

## Acute dermal toxicity

| Ingredient(s)                     | Endpoint         | Value (mg/kg)     | Species | Method            | Exposure time (h) |
|-----------------------------------|------------------|-------------------|---------|-------------------|-------------------|
| sodium nitrate                    |                  | No data available |         |                   |                   |
| sodium dodecylbenzenesulphonate   |                  | No data available |         |                   |                   |
| diammonium hydrogenorthophosphate |                  | No data available |         |                   |                   |
| 1,2-benzisothiazol-3(2H)-one      | LD <sub>50</sub> | > 2000            | Rat     | OECD 402 (EU B.3) |                   |

## Acute inhalative toxicity

| Ingredient(s)                     | Endpoint | Value (mg/l)      | Species | Method | Exposure time (h) |
|-----------------------------------|----------|-------------------|---------|--------|-------------------|
| sodium nitrate                    |          | No data available |         |        |                   |
| sodium dodecylbenzenesulphonate   |          | No data available |         |        |                   |
| diammonium hydrogenorthophosphate |          | No data available |         |        |                   |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available |         |        |                   |

## Irritation and corrosivity

## Skin irritation and corrosivity

| Ingredient(s)                     | Result            | Species | Method | Exposure time |
|-----------------------------------|-------------------|---------|--------|---------------|
| sodium nitrate                    | No data available |         |        |               |
| sodium dodecylbenzenesulphonate   | No data available |         |        |               |
| diammonium hydrogenorthophosphate | No data available |         |        |               |
| 1,2-benzisothiazol-3(2H)-one      | Corrosive         |         |        |               |

## Eye irritation and corrosivity

| Ingredient(s)                     | Result            | Species | Method | Exposure time |
|-----------------------------------|-------------------|---------|--------|---------------|
| sodium nitrate                    | No data available |         |        |               |
| sodium dodecylbenzenesulphonate   | No data available |         |        |               |
| diammonium hydrogenorthophosphate | No data available |         |        |               |
| 1,2-benzisothiazol-3(2H)-one      | No data available |         |        |               |

## Respiratory tract irritation and corrosivity

| Ingredient(s)                     | Result            | Species | Method | Exposure time |
|-----------------------------------|-------------------|---------|--------|---------------|
| sodium nitrate                    | No data available |         |        |               |
| sodium dodecylbenzenesulphonate   | No data available |         |        |               |
| diammonium hydrogenorthophosphate | No data available |         |        |               |
| 1,2-benzisothiazol-3(2H)-one      | No data available |         |        |               |

## Sensitisation

## Sensitisation by skin contact

| Ingredient(s)                     | Result            | Species    | Method | Exposure time (h) |
|-----------------------------------|-------------------|------------|--------|-------------------|
| sodium nitrate                    | No data available |            |        |                   |
| sodium dodecylbenzenesulphonate   | No data available |            |        |                   |
| diammonium hydrogenorthophosphate | No data available |            |        |                   |
| 1,2-benzisothiazol-3(2H)-one      | Sensitising       | Guinea pig |        |                   |

## Sensitisation by inhalation

| Ingredient(s)                     | Result            | Species | Method | Exposure time |
|-----------------------------------|-------------------|---------|--------|---------------|
| sodium nitrate                    | No data available |         |        |               |
| sodium dodecylbenzenesulphonate   | No data available |         |        |               |
| diammonium hydrogenorthophosphate | No data available |         |        |               |
| 1,2-benzisothiazol-3(2H)-one      | No data available |         |        |               |

## CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)

## Mutagenicity

| Ingredient(s)                     | Result (in-vitro)                                   | Method (in-vitro)     | Result (in-vivo)  | Method (in-vivo) |
|-----------------------------------|---|-----------------------|-------------------|------------------|
| sodium nitrate                    | No data available                                   |                       | No data available |                  |
| sodium dodecylbenzenesulphonate   | No data available                                   |                       | No data available |                  |
| diammonium hydrogenorthophosphate | No data available                                   |                       | No data available |                  |
| 1,2-benzisothiazol-3(2H)-one      | No evidence for mutagenicity, negative test results | OECD 471 (EU B.12/13) | No data available |                  |

## Suma Drain GTS Plus

## Carcinogenicity

| Ingredient(s)                     | Effect            |
|-----------------------------------|-------------------|
| sodium nitrate                    | No data available |
| sodium dodecylbenzenesulphonate   | No data available |
| diammonium hydrogenorthophosphate | No data available |
| 1,2-benzisothiazol-3(2H)-one      | No data available |

## Toxicity for reproduction

| Ingredient(s)                     | Endpoint | Specific effect | Value (mg/kg bw/d) | Species | Method | Exposure time | Remarks and other effects reported |
|-----------------------------------|----------|-----------------|--------------------|---------|--------|---------------|------------------------------------|
| sodium nitrate                    |          |                 | No data available  |         |        |               |                                    |
| sodium dodecylbenzenesulphonate   |          |                 | No data available  |         |        |               |                                    |
| diammonium hydrogenorthophosphate |          |                 | No data available  |         |        |               |                                    |
| 1,2-benzisothiazol-3(2H)-one      |          |                 | No data available  |         |        |               |                                    |

## Repeated dose toxicity

## Sub-acute or sub-chronic oral toxicity

| Ingredient(s)                     | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time (days) | Specific effects and organs affected |
|-----------------------------------|----------|--------------------|---------|--------|----------------------|--------------------------------------|
| sodium nitrate                    |          | No data available  |         |        |                      |                                      |
| sodium dodecylbenzenesulphonate   |          | No data available  |         |        |                      |                                      |
| diammonium hydrogenorthophosphate |          | No data available  |         |        |                      |                                      |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available  |         |        |                      |                                      |

## Sub-chronic dermal toxicity

| Ingredient(s)                     | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time (days) | Specific effects and organs affected |
|-----------------------------------|----------|--------------------|---------|--------|----------------------|--------------------------------------|
| sodium nitrate                    |          | No data available  |         |        |                      |                                      |
| sodium dodecylbenzenesulphonate   |          | No data available  |         |        |                      |                                      |
| diammonium hydrogenorthophosphate |          | No data available  |         |        |                      |                                      |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available  |         |        |                      |                                      |

## Sub-chronic inhalation toxicity

| Ingredient(s)                     | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time (days) | Specific effects and organs affected |
|-----------------------------------|----------|--------------------|---------|--------|----------------------|--------------------------------------|
| sodium nitrate                    |          | No data available  |         |        |                      |                                      |
| sodium dodecylbenzenesulphonate   |          | No data available  |         |        |                      |                                      |
| diammonium hydrogenorthophosphate |          | No data available  |         |        |                      |                                      |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available  |         |        |                      |                                      |

## Chronic toxicity

| Ingredient(s)                     | Exposure route | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time | Specific effects and organs affected | Remark |
|-----------------------------------|----------------|----------|--------------------|---------|--------|---------------|--------------------------------------|--------|
| sodium nitrate                    |                |          | No data available  |         |        |               |                                      |        |
| sodium dodecylbenzenesulphonate   |                |          | No data available  |         |        |               |                                      |        |
| diammonium hydrogenorthophosphate |                |          | No data available  |         |        |               |                                      |        |
| 1,2-benzisothiazol-3(2H)-one      |                |          | No data available  |         |        |               |                                      |        |

## STOT-single exposure

| Ingredient(s)                     | Affected organ(s) |
|-----------------------------------|-------------------|
| sodium nitrate                    | No data available |
| sodium dodecylbenzenesulphonate   | No data available |
| diammonium hydrogenorthophosphate | No data available |
| 1,2-benzisothiazol-3(2H)-one      | No data available |

## STOT-repeated exposure

## Suma Drain GTS Plus

| Ingredient(s)                     | Affected organ(s) |
|-----------------------------------|-------------------|
| sodium nitrate                    | No data available |
| sodium dodecylbenzenesulphonate   | No data available |
| diammonium hydrogenorthophosphate | No data available |
| 1,2-benzisothiazol-3(2H)-one      | No data available |

**Aspiration hazard**

Substances with an aspiration hazard (H304), if any, are listed in section 3. If relevant, see section 9 for dynamic viscosity and relative density of the product.

**Potential adverse health effects and symptoms**

Effects and symptoms related to the product, if any, are listed in subsection 4.2.

**SECTION 12: Ecological information****12.1 Toxicity**

No data is available on the mixture.

Substance data, where relevant and available, are listed below:

**Aquatic short-term toxicity**

Aquatic short-term toxicity - fish

| Ingredient(s)                     | Endpoint | Value (mg/l)      | Species | Method | Exposure time (h) |
|-----------------------------------|----------|-------------------|---------|--------|-------------------|
| sodium nitrate                    |          | No data available |         |        |                   |
| sodium dodecylbenzenesulphonate   |          | No data available |         |        |                   |
| diammonium hydrogenorthophosphate |          | No data available |         |        |                   |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available |         |        |                   |

Aquatic short-term toxicity - crustacea

| Ingredient(s)                     | Endpoint | Value (mg/l)      | Species | Method | Exposure time (h) |
|-----------------------------------|----------|-------------------|---------|--------|-------------------|
| sodium nitrate                    |          | No data available |         |        |                   |
| sodium dodecylbenzenesulphonate   |          | No data available |         |        |                   |
| diammonium hydrogenorthophosphate |          | No data available |         |        |                   |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available |         |        |                   |

Aquatic short-term toxicity - algae

| Ingredient(s)                     | Endpoint | Value (mg/l)      | Species | Method | Exposure time (h) |
|-----------------------------------|----------|-------------------|---------|--------|-------------------|
| sodium nitrate                    |          | No data available |         |        |                   |
| sodium dodecylbenzenesulphonate   |          | No data available |         |        |                   |
| diammonium hydrogenorthophosphate |          | No data available |         |        |                   |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available |         |        |                   |

Aquatic short-term toxicity - marine species

| Ingredient(s)                     | Endpoint | Value (mg/l)      | Species | Method | Exposure time (days) |
|-----------------------------------|----------|-------------------|---------|--------|----------------------|
| sodium nitrate                    |          | No data available |         |        |                      |
| sodium dodecylbenzenesulphonate   |          | No data available |         |        |                      |
| diammonium hydrogenorthophosphate |          | No data available |         |        |                      |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available |         |        |                      |

Impact on sewage plants - toxicity to bacteria

| Ingredient(s)                     | Endpoint | Value (mg/l)      | Inoculum | Method | Exposure time |
|-----------------------------------|----------|-------------------|----------|--------|---------------|
| sodium nitrate                    |          | No data available |          |        |               |
| sodium dodecylbenzenesulphonate   |          | No data available |          |        |               |
| diammonium hydrogenorthophosphate |          | No data available |          |        |               |

|                              |                  |           |                  |          |           |
|------------------------------|------------------|-----------|------------------|----------|-----------|
|                              |                  | available |                  |          |           |
| 1,2-benzisothiazol-3(2H)-one | EC <sub>20</sub> | 3.3       | Activated sludge | OECD 209 | 3 hour(s) |

**Aquatic long-term toxicity**

Aquatic long-term toxicity - fish

| Ingredient(s)                     | Endpoint | Value (mg/l)      | Species | Method | Exposure time | Effects observed |
|-----------------------------------|----------|-------------------|---------|--------|---------------|------------------|
| sodium nitrate                    |          | No data available |         |        |               |                  |
| sodium dodecylbenzenesulphonate   |          | No data available |         |        |               |                  |
| diammonium hydrogenorthophosphate |          | No data available |         |        |               |                  |

Aquatic long-term toxicity - crustacea

| Ingredient(s)                     | Endpoint | Value (mg/l)      | Species | Method | Exposure time | Effects observed |
|-----------------------------------|----------|-------------------|---------|--------|---------------|------------------|
| sodium nitrate                    |          | No data available |         |        |               |                  |
| sodium dodecylbenzenesulphonate   |          | No data available |         |        |               |                  |
| diammonium hydrogenorthophosphate |          | No data available |         |        |               |                  |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available |         |        |               |                  |

Aquatic toxicity to other aquatic benthic organisms, including sediment-dwelling organisms, if available:

| Ingredient(s)                     | Endpoint | Value (mg/kg dw sediment) | Species | Method | Exposure time (days) | Effects observed |
|-----------------------------------|----------|---------------------------|---------|--------|----------------------|------------------|
| sodium nitrate                    |          | No data available         |         |        |                      |                  |
| sodium dodecylbenzenesulphonate   |          | No data available         |         |        |                      |                  |
| diammonium hydrogenorthophosphate |          | No data available         |         |        |                      |                  |
| 1,2-benzisothiazol-3(2H)-one      |          | No data available         |         |        |                      |                  |

**Terrestrial toxicity**

Terrestrial toxicity - soil invertebrates, including earthworms, if available:

Terrestrial toxicity - plants, if available:

Terrestrial toxicity - birds, if available:

Terrestrial toxicity - beneficial insects, if available:

Terrestrial toxicity - soil bacteria, if available:

**12.2 Persistence and degradability****Abiotic degradation**

Abiotic degradation - photodegradation in air, if available:

Abiotic degradation - hydrolysis, if available:

Abiotic degradation - other processes, if available:

**Biodegradation**

Ready biodegradability - aerobic conditions

| Ingredient(s)                     | Inoculum | Analytical method | DT <sub>50</sub> | Method             | Evaluation                           |
|-----------------------------------|----------|-------------------|------------------|--------------------|--------------------------------------|
| sodium nitrate                    |          |                   |                  |                    | Not applicable (inorganic substance) |
| sodium dodecylbenzenesulphonate   |          |                   |                  | OECD 301E          | Readily biodegradable                |
| diammonium hydrogenorthophosphate |          |                   |                  |                    | No data available                    |
| 1,2-benzisothiazol-3(2H)-one      |          |                   |                  | Weight of evidence | Not readily biodegradable.           |

Ready biodegradability - anaerobic and marine conditions, if available:

Degradation in relevant environmental compartments, if available:

| Ingredient(s)                | Medium & Type                     | Analytical method   | DT <sub>50</sub> | Method    | Evaluation    |
|------------------------------|-----------------------------------|---------------------|------------------|-----------|---------------|
| 1,2-benzisothiazol-3(2H)-one | Sewage treatment plant simulation | Primary degradation | > 90%            | OECD 303A | Biodegradable |

**12.4 Mobility in soil**

Adsorption/Desorption to soil or sediment

| Ingredient(s)                     | Adsorption coefficient Log Koc | Desorption coefficient Log Koc(des) | Method | Soil/sediment type | Evaluation |
|-----------------------------------|--------------------------------|-------------------------------------|--------|--------------------|------------|
| sodium nitrate                    | No data available              |                                     |        |                    |            |
| sodium dodecylbenzenesulphonate   | No data available              |                                     |        |                    |            |
| diammonium hydrogenorthophosphate | No data available              |                                     |        |                    |            |
| 1,2-benzisothiazol-3(2H)-one      | No data available              |                                     |        |                    |            |

**12.5 Results of PBT and vPvB assessment**

Substances that fulfill the criteria for PBT/vPvB, if any, are listed in section 3.

**12.6 Other adverse effects**

No other adverse effects known.

**SECTION 13: Disposal considerations****13.1 Waste treatment methods****Waste from residues / unused products:**

The concentrated contents or contaminated packaging should be disposed of by a certified handler or according to the site permit. Release of waste to sewers is discouraged. The cleaned packaging material is suitable for energy recovery or recycling in line with local legislation.  
20 01 30 - detergents other than those mentioned in 20 01 29.

**European Waste Catalogue:****Empty packaging****Recommendation:**

Dispose of observing national or local regulations.

**Suitable cleaning agents:**

Water, if necessary with cleaning agent.

**SECTION 14: Transport information****Land transport (ADR/RID), Sea transport (IMDG), Air transport (ICAO-TI / IATA-DGR)****14.1 UN number:** Non-dangerous goods**14.2 UN proper shipping name:** Non-dangerous goods**14.3 Transport hazard class(es):** Non-dangerous goods

Class: -

**14.4 Packing group:** Non-dangerous goods**14.5 Environmental hazards:** Non-dangerous goods**14.6 Special precautions for user:** Non-dangerous goods**14.7 Transport in bulk according to Annex II of MARPOL and the IBC Code:** Non-dangerous goods**SECTION 15: Regulatory information****15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture****EU regulations:**

- Regulation (EC) No 1272/2008 - CLP
- Regulation (EC) No. 1907/2006 - REACH
- Regulation (EC) No. 648/2004 - Detergents regulation

**Authorisations or restrictions (Regulation (EC) No 1907/2006, Title VII respectively Title VIII):** Not applicable.**Ingredients according to EC Detergents Regulation 648/2004**

**Suma Drain GTS Plus**

anionic surfactants, EDTA and salts thereof, non-ionic surfactants, phosphates < 5%  
Benzisothiazolinone

The surfactant(s) contained in this preparation complies(comply) with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the Member States and will be made available to them, at their direct request or at the request of a detergent manufacturer.

**15.2 Chemical safety assessment**

A chemical safety assessment has not been carried out on the mixture

**SECTION 16: Other information**

*The information in this document is based on our best present knowledge. However, it does not constitute a guarantee for any specific product features and does not establish a legally binding contract*

**SDS code:** MSDS5746

**Version:** 04.1

**Revision:** 2017-09-09

**Reason for revision:**

This data sheet contains changes from the previous version in section(s):, 2, 3, 16

**Classification procedure**

The classification of the mixture is in general based on calculation methods using substance data, as required by Regulation (EC) No 1272/2008. If for certain classifications data on the mixture is available or for example bridging principles or weight of evidence can be used for classification, this will be indicated in the relevant sections of the Safety Data Sheet. See section 9 for physical chemical properties, section 11 for toxicological information and section 12 for ecological information.

**Full text of the H and EUH phrases mentioned in section 3:**

- H272 - May intensify fire; oxidiser.
- H302 - Harmful if swallowed.
- H315 - Causes skin irritation.
- H317 - May cause an allergic skin reaction.
- H318 - Causes serious eye damage.
- H319 - Causes serious eye irritation.
- H335 - May cause respiratory irritation.
- H400 - Very toxic to aquatic life.

**Abbreviations and acronyms:**

- AISE - The international Association for Soaps, Detergents and Maintenance Products
- DNEL - Derived No Effect Limit
- EUH - CLP Specific hazard statement
- PBT - Persistent, Bioaccumulative and Toxic
- PNEC - Predicted No Effect Concentration
- REACH number - REACH registration number, without supplier specific part
- vPvB - very Persistent and very Bioaccumulative
- ATE - Acute Toxicity Estimate

**End of Safety Data Sheet**
