THICK BLEACH

Toilets • Drains • Washrooms
Floors • Urinals • Sinks

USES

A concentrated bleach solution that neutralises odours, efficiently cleans and with regular use it prevents the build up of slime.

The thickened action ensures maximum contact time on vertical surfaces to increase the cleaning performance. Suitable for use to clean and deodorise drains, floors, lavatories, waste pipes and other areas that need a powerful cleaning action.

DIRECTIONS

Use undiluted to deodorise drains, toilets and waste pipes.
For general use, dilute at a ratio of 1 part to 120 parts water.

Apply using a mop or cloth, allow a few minutes contact time, agitate and rinse away. Handle with care - splashes can cause damage to some floors and fabrics.

NEVER mix THICK BLEACH with other chemicals. Handle with care.

AREAS OF USE

Toilets

DILUTIONS

THICK BLEACH : WATER	
Drains, toilets and waste pipes Undiluted	General use 1:120
