Nylon Cable Tie Gun, Zip Tie Cable Installation and Cutter Tool, Zip Tie Tensioning/Tightener, Works with Nylon Zip Ties 2.4mm to 4.8mm, TAA Compliant

Product ID: N10MM-CABLE-TIE-GUN

The portable, pocket-sized zip tie gun quickly installs nylon cable ties, simultaneously tensioning and trimming excess nylon in one motion for faster, consistent wire bundling.

The squeeze-handle and trigger mechanism tightens and flush cuts the cable tie, leaving no sharp edges. Additionally, the tension dial lets you set the bundle's tightness before the cable tie end is cut off.

This TAA-compliant cable tensioner tool works with nylon cable tie wraps of any length, supporting widths from 0.094inches (2.4mm) to 0.189inches (4.8mm), and thicknesses up to 0.063inches (1.6mm).

Constructed with high-strength S45C steel for stress-handling parts like the cutting mechanism, and aluminum alloy for lightweight, corrosion-resistant components such as the handle and body, it ensures long-lasting durability.
