

Cat6 Inline Coupler – Punch Down: White

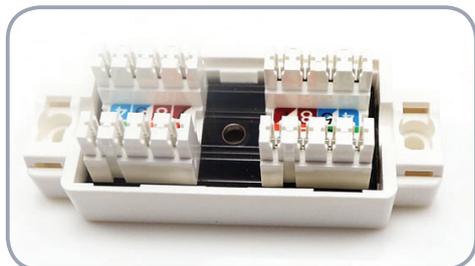

Part # 005.006.0030

4Cabling's Cat6 inline coupler surface mount boxes are perfect for bridging two cables without having to terminate every time. Designed to mount on a wall, desk or other surface areas, these junction boxes are complete with screws and double-sided adhesive tape. They utilize two simple 110 punch-downs connected via a PCB to connect two cables. IDC Cat6 inline couplers provide an effective means of eliminating connection problems that may be encountered during voice and data installation. It is also used when it becomes necessary to extend a cable run to a new location by providing the perfect solution for joining 2 solid cables. This is the ideal solution for permanent installations.

FEATURES

- 1 x surface mount CAT6 coupler block with punch down connections
- Can be mounted by screws, or double-sided tape (supplied)
- Permanent join when using solid-core network cables
- Punch down tool required for installation
- Designed for use in CAT6 installations
- AS/CA S008:2010 compliant
- RCM compliant
- Warranty 3 years

ELECTRICAL FEATURES

- Current rating: 1.5A
- Insulation resistance: 500 M Ω
- Contact resistance: 20 m Ω
- DC resistance: 0.1 Ω
- Dielectric withstanding voltage: 1000 V

SPECIFICATIONS

- Housing: ABS, UL 94V-0
- IDC plastic: PC, UL 94V-0
- IDC contact: Phosphor Bronze with 200 μ Tin over 100 μ Nickel undercoat
- Dimensions: W63 x D25.6 x H10.5mm
- Temperature: -40°C to +68°C
- Humidity: 10% to 90% RH
- IDC block: 200 termination cycles
