#### **Fast and feature-rich**

The 2.64-inch PrecisionCore MicroTFP printhead prints up to 18m<sup>2</sup>/hr in photo quality. And untrained users can easily load cutsheet and posterboard from the front. It also includes Wi-Fi for connection flexibility.

#### **Compact footprint - versatile design**

The SC-P6500DE's design is contemporary and compact. It fits into most working environments because of its flat and unobtrusive design.

#### **Highly detailed prints, every time**

The 6-colour UltraChrome Pro6 pigment inkset, including a new grey ink, broadens the colour gamut and provides smooth gradation and less graininess. This means the print quality is equivalent to other 8-colour printers.
