

Tom Clancy's Rainbow Six[®] Extraction

STANDARD EDITION

Description

Tom Clancy's Rainbow Six Extraction is a one to three player cooperative tactical first-person shooter. Assemble your elite team of Rainbow Six operators to launch incursions into the unpredictable containment zones and discover the mysteries behind the lethal and constantly evolving Archæns alien threat. Knowledge, cooperation, and a tactical approach are your best weapons.

Features

LEAD ELITE RAINBOW SIX OPERATORS IN CO-OP OR SOLO PLAY

Pick from 18 of the Rainbow Six operators that are best adapted to survive the incursions. Each operator has a specific set of weapons, gadgets, and abilities to learn and master. With each mission completed, your operator will level up, boost their stats, and gain access to new loadout options and powerful combat perks.

RISK IT ALL IN UNPREDICTABLE CONTAINMENT ZONES

With a selection of 12 uniquely designed maps set in four regions across the US, featuring procedurally generated challenges, enemies, infestation, and increasing difficulty, the dangers are unpredictable and constantly evolving. The deeper you go from airlock to airlock, the richer the rewards, but the greater the risks your squad will face. Those who fail to get to an extraction point will find their operator MIA, making them temporarily unavailable for future missions. The only means of recovering an MIA operator is to mount a rescue in one of the submaps before the parasite takes them over completely.

FIGHT A LETHAL AND EVOLVING ALIEN THREAT

The Chimera parasite and its evolving Archæns are highly lethal sentient organisms. Face each of the 10 parasitic archetypes, from the vicious Spiker to the elusive Tormentor and the summoning Apex. Survive the Sprawl, a flow of self-aware parasitic tissue that spreads over the containment zone, altering the ecosystem surrounding you and ultimately giving the advantage to its native Archæns.

BUDDY PASS*

- With the Buddy Pass, invite two friends to play online co-op with you from any platform for two weeks, even if they don't own the game.

CROSS BENEFITS

The game will support cross-play and cross-save between all platform families on day one. Play both Tom Clancy's Rainbow Six Siege and Tom Clancy's Rainbow Six Extraction to unlock the game's entire roster of 18 operators in Tom Clancy's Rainbow Six Siege, and players will get elite United Front cosmetic bundles in both games**.

Pre-order offer

Pre-order to get access to the Orbital Decay Bundle. It includes the Orion uniform applicable exclusively to Finka and Lion, the universal Vaporized weapon skin, along with the Crashlander charm.

** Every copy of the game allows you to invite 2 Ubisoft friends to join your online sessions and play in your squad during a 14 day period. Offer and dates subject to change. Restrictions apply, including availability, technical and content restrictions.*

Buddy Pass features may differ. Void where prohibited. More info here: <https://ubi.li/BuddyPass>

***Requires playing both games with the same Ubisoft Account. Limited time offer, subject to change. Not redeemable for cash. Conditions and restrictions apply. Visit FAQ: <https://ubi.li/Cross-ownership> for full details.*
