

Expression 13000XL Pro

DATASHEET / BROCHURE

High-quality A3 film and graphics scanner for sharp and accurate capturing of plans, x-rays, film negatives, with the precision users demand.

The Expression 13000XL Pro is a high-resolution A3 scanner designed to meet the most demanding needs across a variety of industries including graphic design. Featuring 3.8 DMax, dual light technology, auto focus, glare reduction, and the exceptional SilverFast Ai 9 image-processing functions, this scanner offers excellent image reproduction.

Ultra-precise scanner image reproduction

The Expression 13000XL Pro scanner boasts top-of-the-line technology that allows users to produce high-quality images up to A3 format. With its easy-to-use Epson Scan 2, users can optimise their scanning results in either automatic or professional modes.

With an optical density of 3.8 DMax and 48-bit color depth, the scanner ensures sharp and accurate scans, even in shadow areas. The 2400 x 4800dpi resolution and Micro Step Drive technology capture the smallest details with exceptional clarity.

Effortlessly enhance your scans images

The Expression 13000XL Pro comes bundled with a comprehensive package of software and imaging technology that performs a wide range of functions easily and efficiently. Epson Scan removes dust noise and grain reduction to smooth the appearance of images, while SilverFast Ai 9's image-processing functions help get even closer to perfect image reproduction.

Scan a wide range of media, including film negatives

Users can even scan from transparency media, such as positive or negative film and slides, with professional results, thanks to the included transparency unit.
